

PROSPECTUS

JRS SICAV 2

JRS SICAV 2 (the "Fund") is an investment company with variable share capital (*société d'investissement à capital variable*) which offers investors a choice between several classes of shares (each a "Class") in a number of sub-funds (each a "Sub-Fund"). The Fund is organised as an investment company registered under Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as may be amended from time to time (the "Law").

May 2017

IMPORTANT INFORMATION

The Directors of the Fund, whose names appear hereafter, accept responsibility for the information contained in this document. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

The Shares of the Fund are offered solely on the basis of the information and representations contained in this prospectus (the "Prospectus") and any further information given or representations made by any person may not be relied upon as having been authorised by the Fund or the Directors. Neither the delivery of this Prospectus nor the issue of Shares shall under any circumstances create any implication that there has been no change in the affairs of the Fund since the date hereof.

The Shares may be listed on the Luxembourg Stock Exchange. The Directors of the Fund may decide to make an application to list the Shares on any other recognised stock exchange.

The information contained in this Prospectus will be supplemented by the financial statements and further information contained in the latest annual and semi-annual reports of the Fund, copies of which may be obtained free of charge from the registered office of the Fund.

The Fund is an open-ended investment company with variable share capital (*société d'investissement à capital variable*, SICAV). The Fund is registered under Part I of the Law. However, such registration does not require any Luxembourg authority to approve or disapprove either the adequacy or accuracy of this Prospectus or the investments held by the Fund. Any representation to the contrary is unauthorised and unlawful.

The distribution of this Prospectus and the offering of Shares in certain jurisdictions may be restricted and accordingly persons into whose possession this Prospectus may come are required by the Fund to inform themselves of and to observe any such restrictions.

This Prospectus does not constitute an offer or solicitation to any person in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it would be unlawful to make such offer or solicitation.

United States: The Shares have not been and will not be registered under the Securities Act of 1933 of the United States, as amended ("the 1933 Act") or the securities laws of any of the states of the United States. The Shares may not be offered, sold or delivered directly or indirectly in the United States or to or for the account or benefit of any "US Person" except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the 1933 Act and any applicable state laws. The Shares are being offered outside the United States pursuant to the exemption from registration under Regulation S under the 1933 Act and inside the United States in reliance on Regulation D promulgated under the 1933 Act and Section 4(2) thereof.

The Fund will not be registered under the United States Investment Company Act of 1940 (as amended) (the "1940 Act") since Shares will only be sold to US Persons who are "qualified purchasers", as defined in the 1940 Act.

There will be no public offering of the Shares in the United States.

This Prospectus has been prepared solely for the information of the person to whom it has been delivered by or on behalf of the Fund, and should not be reproduced or used for any other purpose.

Data Protection: Pursuant to the Luxembourg Data Protection Law of 2 August 2002 (as amended from time to time) any information that is furnished in connection with an investment in the Fund may be held on computer and processed by the Investment Manager(s), Management Company, Administration Agent, Registrar and Transfer Agent, Depositary, Global distributor (each as defined hereafter) or their delegates as Data Processor as appropriate. Information may be processed for the purposes of carrying out the services of the Investment Manager(s), Management Company, Global distributor or Administration Agent, Registrar and Transfer Agent and to comply with legal obligations including legal obligations under applicable company law and anti-money laundering legislation. Information shall be disclosed to third parties where necessary for legitimate business interests only. This may include disclosure to third parties such as auditors and the regulators or agents of the Investment Manager(s), the Management Company, Administration Agent, Registrar and Transfer Agent, Depositary or Global distributor who process the data inter alia for anti-money laundering purposes or for compliance with foreign regulatory requirements.

Investors consent to the processing of their information and the disclosure of their information by and to the parties referred above including companies situated in countries outside of the European Economic Area which may not have the same data protection laws as in Luxembourg. The transfer of data to the aforementioned entities may transit via and/or be processed in countries which may not have data protection requirements deemed equivalent to those prevailing in the European Economic Area. Investors may request access to, rectification of or deletion of any data provided to any of the parties above or stored by any of the parties above in accordance with applicable data protection legislation.

Investor rights: The Fund draws the investors' attention to the fact that any investor will only be able to fully exercise its investor rights directly against the Fund, notably the right to participate in general shareholders' meetings if the investor is registered itself and in its own name in the shareholders' register of the Fund. In cases where an investor invests in the Fund through an intermediary investing into the Fund in its own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights directly against the Fund. Investors are advised to take advice on their rights.

Generally: The above information is for general guidance only, and it is the responsibility of any person or persons in possession of this Prospectus and wishing to make an application for Shares to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdiction. Prospective applicants for Shares should inform themselves as to legal requirements also applying and any applicable exchange control regulations and applicable taxes in the countries of their respective citizenship, residence or domicile.

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, accountant or other professional adviser.

This Prospectus has been drafted in English. It may be translated into any other language the

Directors may deem useful and such translations must only contain the information contained in this English version. In case of divergences between the English and the translated version, the English version shall prevail.

THE FUND

Structure

The Fund is an open-ended investment company with variable share capital organised as a *société anonyme* under the laws of the Grand Duchy of Luxembourg and qualifies as a *Société d'Investissement à Capital Variable* (SICAV) under Part I of the Law. The Fund operates separate Sub-Funds, each of which is represented by one or more Classes of Shares. The Sub-Funds are distinguished by their specific investment policy or any other specific features.

The Fund constitutes a single legal entity, but the assets of each Sub-Fund shall be invested for the exclusive benefit of the Shareholders of the corresponding Sub-Fund and the assets of a specific Sub-Fund are solely accountable for the liabilities, commitments and obligations of that Sub-Fund.

The Directors may at any time resolve to set up new Sub-Funds and/or create within each Sub-Fund one or more Classes of Shares and this Prospectus will be updated accordingly. The Directors may also at any time resolve to close a Sub-Fund, or one or more Classes of Shares within a Sub-Fund to further subscriptions.

The Fund will seek to achieve the objectives on behalf of each Sub-Fund and one or more Sub-Investment Manager(s) may be appointed to provide investment management services in respect of part or all of the assets of a Sub-Fund. If it is the Directors' intention that a Sub-Fund will become a "multi-manager" type fund, i.e. a Sub-Fund where more than one Sub-Investment Manager will in principle be appointed for the purpose of diversifying the investment styles, this will be described in the relevant Appendix to this Prospectus.

In the case of a "multi-manager" type Sub-Fund and subject to any overriding direction of the Directors and/or the Management Company, the Investment Manager will be responsible for the selection and appointment of any Sub-Investment Manager to that Sub-Fund. Details of the Sub-Investment Managers appointed to a "multi-manager" type Sub-Fund (as updated from time to time) can be found in Annex I to this Prospectus and are available free of charge upon request at the registered office of the Fund. Details will also be provided in the Fund's report and accounts. The Investment Manager will monitor the performance of the Sub-Investment Managers to each Sub-Fund in order to assess the need, if any, to make changes/replacements. Each Sub-Investment Manager will be appointed in accordance with the requirements of the CSSF.

Investment Objectives and Policies

The main objective of each Sub-Fund will be to invest in transferable securities and other eligible assets (including investment funds) with the purpose of spreading investment risks and allowing to achieve medium to long-term capital growth. Under normal circumstances, the Sub-Funds will be fully invested in accordance with the investment policy set out in the relevant Appendix. Part of a Sub-Fund's net assets can be held temporarily in liquidities, including money-market instruments having a residual maturity not exceeding twelve months and cash or cash equivalents. Trading in derivatives is conducted within the confines of the investment restrictions and provides for the efficient management of the Fund's assets, while also regulating maturities and risks. The Fund may use derivative instruments for both hedging and investment purposes. The extent of use of derivatives is laid down in the relevant Appendix.

Where the financial derivative instrument is cash-settled automatically or at the Fund's discretion, the Fund will be allowed not to hold the specific underlying instrument as cover. As acceptable cover are considered:

- a) cash
- b) liquid debt instruments with appropriate safeguards
- c) other highly liquid assets

which are recognised by the competent authorities considering their correlation with the underlying of the financial derivative instruments, subject to appropriate safeguards.

The Fund may take any measures and carry out any operation, which it deems useful to the accomplishment and to the development of its object in the broadest sense within the context of the Law. It cannot however guarantee that it will achieve its objectives given financial market fluctuations and the other risks to which investments are exposed.

Agreements

Swaps entered into between a swap counterpart and the Fund are negotiated at arm's length pursuant to a master agreement in accordance with the requirements of the International Swap and Derivatives Association (ISDA) including any supporting agreements and confirmations for each swap transaction.

Counterparts

The Fund will only enter into swaps with counterparts which are deemed creditworthy. Counterparts will comply with prudential rules considered by the CSSF as equivalent to EU prudential rules.

Absence of discretion

The swap counterparts assume no discretion over the composition or management of the Fund's portfolio or over the underlying of the swap. Their approval is not required in relation to any Fund's portfolio transaction.

Counterparty risk

At any particular time the Fund may hold several swaps with one or more swap counterparts. The swaps expose the Fund to counterparty risk, being the risk of loss arising from the inability of a swap counterpart to honor payments. This scenario is termed an Event of Default.

Collateral arrangements

The Management Company on behalf of the Fund will enter into collateral arrangements with all swap counterparts to mitigate potential counterparty risks. These arrangements will be set out in a collateral agreement supporting each ISDA master agreement. The collateral agreement will ensure that swap counterparts transfer to the Fund assets which the Fund can use or sell in order to cover losses arising from an Event of Default.

The collateral agreement sets out the minimum amount of collateral to be transferred to the Fund. The required collateral for each swap type is equal to the counterparty risk. Each swap counterpart shall transfer to the Fund eligible collateral as described in the Prospectus with an aggregate value as collateral that is at least equal to the required collateral.

The required collateral is determined daily based on changes in the market value of the underlying instrument and the creation and termination of swaps. The Management Company will on a daily basis, on behalf of the Fund, represent the Fund's interest in relation to the collateral agreement with a swap counterpart.

Event of Default and consequences

If an Event of Default has occurred all outstanding swaps with the defaulting swap counterpart will be terminated immediately. To continue to fulfil the investment policy the Fund will replace the terminated swaps with either (i) swaps executed with another swap counterpart or (ii) acquire the underlying instrument.

The Fund and investors may suffer a loss as a result of the Event of Default. The nature of the loss for each swap type can be summarized as follows (collateral arrangements not being taken into account):

(i) funded swap - the counterparty risk is equal to the market value of the underlying instrument, plus or minus fees;

(ii) unfunded swap - the counterparty risk is equal to the change in the market value of the underlying instrument less interest, plus or minus fees; and

(iii) relative performance swap - the counterparty risk is equal to the market value of the underlying instrument less the market value of the basket of stocks (or other instruments), plus or minus fees.

Investment Restrictions

The Directors shall, based upon the principle of spreading of risks, have power to determine the investment policy for the investments of the Fund in respect of each Sub-Fund subject to the following restrictions, unless provided otherwise in the relevant Sub-Fund's Appendix:

- I. (1) The Fund, for each Sub-Fund, may invest in:
 - a) transferable securities and money market instruments admitted to or dealt in on an Eligible Market;
 - b) recently issued transferable securities and money market instruments, provided that the terms of issue include an undertaking that application will be made for admission to official listing on an Eligible Market and such admission is secured within one year of the issue;
 - c) units of UCITS and/or other UCI, whether situated in an EU Member State or not, provided that:
 - such other UCIs have been authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in European Union law, and that cooperation between authorities is sufficiently ensured,
 - the level of protection for unitholders in such other UCIs is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on assets segregation, borrowing, lending, and uncovered sales of

transferable securities and money market instruments are equivalent to the requirements of Directive 85/611/EEC, as amended or the Council Directive 2009/65/EC, as may be amended from time to time

- the business of such other UCIs is reported in half-yearly and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period,
 - no more than 10% of the assets of the UCITS or of the other UCIs, whose acquisition is contemplated, can, according to their constitutional documents, in aggregate be invested in units of other UCITS or other UCIs;
- d) deposits with credit institutions which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months, provided that the credit institution has its registered office in a Member State of the EU or, if the registered office of the credit institution is situated in a non-Member State of the EU, provided that it is subject to prudential rules considered by the CSSF as equivalent to those laid down in Community law;
- e) financial derivative instruments, including equivalent cash-settled instruments, dealt in on an Eligible Market and/or financial derivative instruments dealt in over-the-counter ("OTC derivatives"), provided that:
- the underlying consists of instruments covered by this section (I) (1), financial indices, interest rates, foreign exchange rates or currencies, in which the Sub-Funds may invest according to their investment objective;
 - the counterparties to OTC derivative transactions are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF;
 - the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Fund's initiative;

and/or

- f) money market instruments other than those dealt in on an Eligible Market and referred to under "Definitions", if the issuer or the issuer of such instruments is itself regulated for the purpose of protecting investors and savings, and provided that such instruments are:
- issued or guaranteed by a central, regional or local authority or by a central bank of an EU Member State, the European Central Bank, the EU or the European Investment Bank, a non-EU Member State or, in case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more EU Member States belong, or
 - issued by an undertaking any securities of which are dealt in on Eligible Markets, or
 - issued or guaranteed by a credit institution which has its registered office in a country which is an OECD member state and a FATF State, or
 - issued by other bodies belonging to the categories approved by the CSSF provided that investments in such instruments are subject to investor protection equivalent to that laid down in the first, the second or the third indent and provided that the issuer is a company whose capital and reserves amount to at least EUR 10 million and which presents and

publishes its annual accounts in accordance with Directive 78/660/EEC, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.

- (2) In addition, the Fund may invest a maximum of 10% of the net assets of any Sub-Fund in transferable securities and money market instruments other than those referred to under (1) above.

II. The Fund may hold ancillary liquid assets.

- III. a) (i) The Fund will invest no more than 10% of the net assets of any Sub-Fund in transferable securities or money market instruments issued by the same issuing body.
- (ii) The Fund may not invest more than 20% of the net assets of any Sub-Fund in deposits made with the same body. The risk exposure of a Sub-Fund to a counterparty in an OTC derivative transaction may not exceed 10% of its net assets when the counterparty is a credit institution referred to in I. d) above or 5% of its net assets in other cases.

- b) Moreover, where the Fund holds on behalf of a Sub-Fund investments in transferable securities and money market instruments of issuing bodies which individually exceed 5% of the net assets of such Sub-Fund, the total of all such investments must not account for more than 40% of the total net assets of such Sub-Fund.

This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

Notwithstanding the individual limits laid down in paragraph a), the Fund may not combine for each Sub-Fund:

- investments in transferable securities or money market instruments issued by a single body,
- deposits made with a single body, and/or
- exposures arising from OTC derivative transactions undertaken with a single body

in excess of 20% of its net assets.

- c) The limit of 10% laid down in sub-paragraph a) (i) above is increased to a maximum of 35% in respect of transferable securities or money market instruments which are issued or guaranteed by an EU Member State, its local authorities, or by another Eligible State or by public international bodies of which one or more EU Member States are members.

- d) The limit of 10% laid down in sub-paragraph a) (i) is increased to 25% for certain bonds when they are issued by a credit institution which has its registered office in a Member State of the EU and is subject by law to special public supervision designed to protect bondholders. In particular, sums deriving from the issue of these bonds must be invested in conformity with the law in assets which, during the whole period of validity of the bonds, are capable of covering claims attaching to the bonds and which, in case of bankruptcy of the issuer, would be used on a priority basis for the repayment of principal and payment of the accrued interest.

If a Sub-Fund invests more than 5% of its net assets in the bonds referred to in

this sub-paragraph and issued by one issuer, the total value of such investments may not exceed 80% of the net assets of the Sub-Fund.

- e) The transferable securities and money market instruments referred to in paragraphs c) and d) shall not be included in the calculation of the limit of 40% in paragraph b).

The limits set out in sub-paragraphs a), b), c) and d) may not be aggregated and, accordingly, investments in transferable securities or money market instruments issued by the same issuing body, in deposits or in derivative instruments effected with the same issuing body may not, in any event, exceed a total of 35% of any Sub-Fund's net assets.

Companies which are part of the same group for the purposes of the establishment of consolidated accounts, as defined in accordance with Directive 83/349/EEC or in accordance with recognised international accounting rules, are regarded as a single body for the purpose of calculating the limits contained in this paragraph III.

The Fund may cumulatively invest up to 20% of the net assets of a Sub-Fund in transferable securities and money market instruments within the same group.

- f) **Notwithstanding the above provisions, the Fund is authorised to invest up to 100% of the net assets of any Sub-Fund, in accordance with the principle of risk spreading, in transferable securities and money market instruments issued or guaranteed by a Member State of the EU, by its local authorities or agencies, or by another member State of the OECD or by public international bodies of which one or more Member States of the EU are members, provided that such Sub-Fund must hold securities from at least six different issues and securities from one issue do not account for more than 30% of the net assets of such Sub-Fund.**

- IV. a) Without prejudice to the limits laid down in paragraph V., the limits provided in paragraph III. are raised to a maximum of 20% for investments in shares and/or bonds issued by the same issuing body if the aim of the investment policy of a Sub-Fund is to replicate the composition of a certain stock or bond index which is sufficiently diversified, represents an adequate benchmark for the market to which it refers, is published in an appropriate manner and disclosed in the relevant Sub-Fund's investment policy.

- b) The limit laid down in paragraph a) is raised to 35% where this proves to be justified by exceptional market conditions, in particular on Regulated Markets where certain transferable securities or money market instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

- V. a) The Fund may not acquire shares carrying voting rights which should enable it to exercise significant influence over the management of an issuing body.

- b) The Fund may acquire no more than:
- 10% of the non-voting shares of the same issuer;
 - 10% of the debt securities of the same issuer;
 - 10% of the money market instruments of the same issuer.

The limits under the second and third indents may be disregarded at the time of acquisition, if at that time the gross amount of debt securities or of the money market instruments or the net amount of the instruments in issue cannot be calculated.

- c) The provisions of paragraph V. shall not be applicable to transferable securities and money market instruments issued or guaranteed by a Member State of the EU or its

local authorities or by any other Eligible State, or issued by public international bodies of which one or more Member States of the EU are members.

The provisions of this paragraph V. are also waived as regards shares held by the Fund in the capital of a company incorporated in a non-Member State of the EU which invests its assets mainly in the securities of issuing bodies having their registered office in that State, where under the legislation of that State, such a holding represents the only way in which the Fund can invest in the securities of issuing bodies of that State provided that the investment policy of the company from the non-Member State of the EU complies with the limits laid down in paragraph III., V. and VI. a), b), c) and d).

- VI. a) The Fund may acquire units of the UCITS and/or other UCIs referred to in paragraph I. (1) c), provided that no more than 20% of a Sub-Fund's net assets be invested in the units of one single UCITS or other UCI.
- b) The underlying investments held by the UCITS or other UCIs in which the Fund invests do not have to be considered for the purpose of the investment restrictions set forth under III. above.
- c) When the Fund invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by another company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, the management company or such other company may not charge subscription or redemption fees on account of the Fund's investments in the units of such UCITS or other UCIs.

In respect of a Sub-Fund's investments in UCITS and other UCIs linked to the Fund as described in the preceding paragraph, the total management fee (excluding any performance fee, if any) charged to such Sub-Fund and each of the UCITS or other UCIs concerned shall not exceed 5% of the relevant net assets under management. The Fund will indicate in its annual report the total management fees charged both to the relevant Sub-Fund and to the UCITS and other UCIs in which such Sub-Fund has invested during the relevant period.

- d) The Fund may acquire no more than 25% of the units of the same UCITS or other UCI. This limit may be disregarded at the time of acquisition if at that time the gross amount of the units in issue cannot be calculated. In case of a UCITS or other UCI with multiple compartments, this restriction is applicable by reference to all units issued by the UCITS or other UCI concerned, all compartments combined.
- e) A Sub-Fund may subscribe, acquire and/or hold securities to be issued or issued by one or more Sub-Funds without the Fund being subject to the requirements of the Law of 10 August 1915 on commercial companies, as amended, with respect to the subscription, acquisition and/or the holding by a company of its own shares, under the condition however that:
- the target Sub-Fund(s) do(es) not, in turn, invest in the Sub-Fund invested in this (these) target Sub-Fund(s); and
 - no more than 10% of the assets that the target Sub-Fund(s) whose acquisition is contemplated may be invested in units of other UCIs; and
 - voting rights, if any, attaching to the Shares of the target Sub-Fund(s) are suspended for as long as they are held by the Sub-Fund concerned and without prejudice to the appropriate processing in the accounts and the periodic reports; and

- in any event, for as long as these securities are held by the Sub-Fund, their value will not be taken into consideration for the calculation of the net assets of the Fund for the purposes of verifying the minimum threshold of the net assets imposed by the Law; and
 - there is no duplication of management/subscription or repurchase fees between those at the level of the Sub-Fund having invested in the target Sub-Fund(s), and this (these) target Sub-Fund(s).
- VII. The Fund shall ensure for each Sub-Fund that the global exposure relating to derivative instruments does not exceed the net assets of the relevant Sub-Fund.
- The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, foreseeable market movements and the time available to liquidate the positions. This shall also apply to the following subparagraphs.
- If the Fund invests in financial derivative instruments, the exposure to the underlying assets may not exceed in aggregate the investment limits laid down in paragraph III above. When the Fund invests in index-based financial derivative instruments, these investments do not have to be combined to the limits laid down in paragraph III.
- When a transferable security or money market instrument embeds a derivative, the latter must be taken into account when complying with the requirements of this paragraph VII.
- VIII. a) The Fund may not borrow for the account of any Sub-Fund amounts in excess of 10% of the net assets of that Sub-Fund, any such borrowings to be from banks and to be effected only on a temporary basis, provided that the Fund may acquire foreign currencies by means of back to back loans;
- b) The Fund may not grant loans to or act as guarantor on behalf of third parties. This restriction shall not prevent the Fund from acquiring transferable securities, money market instruments or other financial instruments referred to in I. (1) c), e) and f) which are not fully paid.
- c) The Fund may not carry out uncovered sales ("short sales") of transferable securities, money market instruments or other financial instruments.
- d) The Fund may only acquire movable or immovable property which is essential for the direct pursuit of its business.
- e) The Fund may not acquire either precious metals or certificates representing them.
- IX. a) The Fund needs not comply with the limits laid down in this chapter when exercising subscription rights attaching to transferable securities or money market instruments which form part of its assets. While ensuring observance of the principle of risk spreading, recently created Sub-Funds may derogate from paragraphs III., IV. and VI. a), b) and c) for a period of six months following the date of their creation.
- b) If the limits referred to in paragraph a) are exceeded for reasons beyond the control of the Fund or as a result of the exercise of subscription rights, it must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interest of its shareholders.
- c) To the extent that an issuer is a legal entity with multiple compartments where the assets of the compartment are exclusively reserved to the investors in such compartment and to those creditors whose claim has arisen in connection with the creation, operation or liquidation of that compartment, each compartment is to be considered as a separate issuer for the purpose of the application of the risk spreading rules set out in paragraphs III., IV. and VI.

RISK MANAGEMENT PROCEDURE

In accordance with applicable laws and regulations, and in particular CSSF regulation No. 10-4 transposing Commission Directive 2009/65/EC of the European Parliament and of the Council as regards organisational requirements, as may be amended from time to time, conflicts of interest, conduct of business, risk management and content of the agreement between a depositary and a management company, CSSF circular 11/512, Circular 12/546, the ESMA Guidelines on risk measurement and the calculation of global exposure and counterparty risk for UCITS (ref.: ESMA/10-788) and the ESMA Guidelines on risk management principles for UCITS (ref.: ESMA/09-178), the Management Company employs a risk management process, which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the portfolio. The Management Company, on behalf of the Fund will employ, if applicable, a process for accurate and independent assessment of the value of any OTC derivative instruments.

The risk profile of the Fund is monitored taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

Unless otherwise provided for any Sub-Fund in the relevant Appendix, the commitment approach is used to monitor and measure the global exposure of each Sub-Fund.

This approach measures the global exposure related solely to positions on financial derivative instruments under consideration of netting or hedging.

EFFICIENT PORTFOLIO MANAGEMENT TECHNIQUES AND INSTRUMENTS

A. Efficient portfolio management techniques

The Fund will not enter into securities financing transactions within the meaning of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015. Should the Fund wish to enter into the securities financing transactions in the future, the Prospectus will be updated accordingly.

B. Efficient portfolio management instruments

(1) Financial derivative instruments

Over-the-counter (OTC) financial derivative instruments, except total return swaps or instruments with similar characteristics, may be used by the Sub-Funds to gain exposure to underlying assets will be entered into with counterparties selected among first class financial institutions specialised in the relevant type of transaction, subject to prudential supervision and belonging to the categories of counterparties approved by the CSSF.

(2) Limitation

When transactions involve the use of derivatives, the Fund must comply with the terms and limits stipulated above in Chapter III. "Investment Restrictions", sections I.(1) e), III. a) (ii) and b) and VII. of this Prospectus. The use of transactions involving derivatives or other financial techniques

and instruments may not cause the Fund to stray from the investment objectives set out in the Prospectus.

(3) Risks - Notice

In order to optimise their portfolio yield, all Sub-Funds are authorised to use the derivatives techniques and instruments described in this chapter and the chapter “Investment Restrictions” (particularly swaps of rates, currencies and other financial instruments, futures, and securities, rate or futures options), on the terms and conditions set out in said chapters. The investor's attention is drawn to the fact that market conditions and applicable regulations may restrict the use of these instruments. The success of these strategies cannot be guaranteed. Sub-funds using these techniques and instruments assume risks and incur costs they would not have assumed or incurred if they had not used such techniques. If the managers and sub-managers forecast incorrect trends for securities, currency and interest rate markets, the affected Sub-Fund may be worse off than if no such strategy had been used. By using derivatives, each Sub-Fund may carry out over-the-counter futures or spot transactions on indices or other financial instruments and swaps on indices or other financial instruments with highly-rated banks or brokers specialised in this area, acting as counterparties. Although the corresponding markets are not necessarily considered more volatile than other futures markets, operators have less protection against defaults on these markets since the contracts traded on them are not guaranteed by a clearing house.

(4) Counterparty Risk

In accordance with its investment objective and policy, a Sub-Fund may trade ‘over-the-counter’ (OTC) financial derivative instruments such as non-exchange traded futures and options, forwards, swaps or contracts for difference. OTC derivatives are instruments specifically tailored to the needs of an individual investor that enable the user to structure precisely its exposure to a given position. Such instruments are not afforded the same protections as may be available to investors trading futures or options on organised exchanges, such as the performance guarantee of an exchange clearing house. The counterparty to a particular OTC derivative transaction will generally be the specific entity involved in the transaction rather than a recognised exchange clearing house. In these circumstances the Sub-Fund will be exposed to the risk that the counterparty will not settle the transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of the insolvency, bankruptcy or other credit or liquidity problems of the counterparty. This could result in substantial losses to the Sub-Fund.

Participants in OTC markets are typically not subject to the credit evaluation and regulatory oversight to which members of ‘exchange-based’ markets are subject. Unless otherwise indicated in the Prospectus for a specific Sub-Fund, the Fund will not be restricted from dealing with any particular counterparties.

The Fund’s evaluation of the creditworthiness of its counterparties may not prove sufficient. The lack of a complete and fool proof evaluation of the financial capabilities of the counterparties and the absence of a regulated market to facilitate settlement may increase the potential for losses. The Fund may select counterparties located in various jurisdictions. Such local counterparties are subject to various laws and regulations in various jurisdictions that are designed to protect their customers in the event of their insolvency. However, the practical effect of these laws and their application to the Sub-Fund and its assets are subject to substantial limitations and uncertainties.

Because of the large number of entities and jurisdictions involved and the range of possible factual scenarios involving the insolvency of a counterparty, it is impossible to generalize the effect of their insolvency on the Sub-Fund and its assets.

Investors should assume that the insolvency of any counterparty would generally result in a loss to the Sub-Fund, which could be material.

If there is a default by the counterparty to a transaction, the Fund will under most normal circumstances have contractual remedies and in some cases collateral pursuant to the agreements related to the transaction. However, exercising such contractual rights may involve delays and costs. If one or more OTC counterparties were to become insolvent or the subject of liquidation proceedings, the recovery of securities and other assets under OTC derivatives may be delayed and the securities and other assets recovered by the Fund may have declined in value.

Regardless of the measures that the Fund may implement to reduce counterparty credit risk there can be no assurance that a counterparty will not default or that the Sub-Fund will not sustain losses on the transactions as a result. Such counterparty risk is accentuated for contracts with longer maturities or where the Sub-Fund has concentrated its transactions with a single or small group of counterparties.

(5) Management of Collateral and Collateral Policy

General

In the context of OTC financial derivative transactions the Fund may receive collateral with a view to reduce its counterparty risk. This section sets out the collateral policy applied by the Fund in such case. All assets received by the Fund in the context of efficient portfolio management techniques shall be considered as collateral for the purpose of this section.

Eligible Collateral

Collateral received by the Fund may be used to reduce its counterparty risk exposure if it complies with the criteria set out in applicable laws, regulations and CSSF-Circulars issued from time to time notably in terms of liquidity and issuer credit quality, valuation, correlation, collateral diversification, risks linked to the management of collateral and enforceability. In particular, collateral should comply with the following conditions:

(i) liquidity and issuer credit quality – any collateral received other than cash shall be of high quality, highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation.

(ii) valuation – collateral received shall be valued on at least a daily basis and assets that exhibit high price volatility shall not be accepted as collateral unless suitably conservative haircuts are in place;

(iii) correlation – the collateral received by the Fund shall be issued by an entity that is independent from the counterpart and is expected not to display a high correlation with the performance of the counterpart;

(iv) collateral diversification (asset concentration) – collateral shall be sufficiently diversified in terms of country, markets and issuers. The criterion of sufficient diversification with respect to issuer concentration is considered to be respected if the Fund receives from a counterpart of efficient portfolio management and OTC financial derivative transactions a basket of collateral with a maximum exposure to a given issuer of 20% of the respective Sub-Fund's net asset value.

When the Fund is exposed to different counterparts, the different baskets of collateral shall be aggregated to calculate the 20% limit of exposure to a single issuer. By way of derogation from this sub-paragraph, the Fund may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by a Member State, one or more of its local authorities, a third country, or a public international body to which one or more Member States belong. In such a case, the Fund should receive securities from at least six different issues, but securities from any single issue should not account for more than 30% of the respective Sub-Fund's net asset value. The list of eligible jurisdictions includes, but is not limited to, Canada, Denmark, Finland, France, Germany, the Netherlands, Norway, Sweden, Switzerland, the United Kingdom and the United States of America;

Besides, collateral received shall also comply with the provisions of Article 48(2) of the 2010 Law;

(v) it should be capable of being fully enforced by the Fund at any time without reference to or approval from the counterparty;

(vi) risks linked to the management of collateral, such as operational and legal risks, shall be identified, managed and mitigated by the risk management process;

(vii) where there is a title transfer, the collateral received shall be held by the depositary of the Fund. For other types of collateral arrangement, the collateral can be held by a third party custodian which is subject to prudential supervision, and which is unrelated to the provider of the collateral;

Subject to the abovementioned conditions, collateral received by the Fund may consist of the following instruments as accepted by the Commission Delegated Regulation (EU) 2016/2251 of the 4 October 2016 supplementing the Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 (hereafter referred to as "CDR 2016/2251"):

- (i) Cash in an OECD country currency in accordance with Article 4(1) (a) of CDR 2016/2251,
- (ii) Debt securities issued or guaranteed by Member States' central governments or central banks in accordance with Article 4(1) (c) of CDR 2016/2251 ,
- (iii) Debt securities issued by Member States' regional governments or local exposures whose exposures are treated as exposures to the central government of that Member State listed in Article 115(2) of Regulation (EU) 575/2013 ,
- (iv) Debt securities issued by multilateral banks listed in Article 117(2) of Regulation (EU) of 575/2013,
- (v) Debt securities issued by international organisations listed in Article 118 of the Regulation (EU) No 575/2013 ,
- (vi) Corporate bonds,
- (vii) Convertible bonds provided they can only be converted into equities which are included in an index specified pursuant to point (a) of Article 197(8) of Regulation (EU) No 575/2013,
- (viii) Equities included in an index specified pursuant to point (a) of Article 197(8) of Regulation (EU) No 575/2013,.

Level of Collateral

The Fund will determine the required level of collateral for OTC financial derivatives transactions by reference to the applicable counterparty risk limits set out in this Prospectus and taking into account the nature and characteristics of transactions, the creditworthiness and identity of counterparties and prevailing market conditions.

Rules for application of Haircuts

Collateral will be valued on a daily basis using available market prices and the value of collateral will be adjusted by applying relevant haircuts. For this purpose, in accordance with Article 6 of CDR 2016/2251, the Management Company will rely on the credit quality assessments issued by a recognised External Credit Assessment Institution or the credit quality of (ECAI) of an export credit agency and thus will use standard haircuts to be applied by asset type, maturity and credit quality of the issuer.

The following haircuts will be applied:

1.1 Cash Collateral

- (i) Cash variation margin shall be subject to a haircut of 0%
- (ii) Cash initial margin shall be subject to a haircut of 8% when the cash initial margin has been posted in a currency other than the currency in which the payments in case of early termination or default have to be made in accordance with the single derivative contract, the relevant exchange of collateral agreement or the relevant credit support annex ('termination currency').

In case no termination currency has been set out, the above haircut of 8% shall apply to the market value of all the assets posted as collateral.

1.2 Non- cash collateral

- (i) Haircuts applicable to debt securities

Table 1 Debt securities

Collateral	Credit Quality Step	Maturity		
		≤ 1 yr	>1 ≤ 5 year(s)	> 5 years
(i) Debt securities issued or guaranteed by Member States' central governments or central banks in accordance with Article 4(1) (c) of CDR 2016/2251				
(ii) Debt securities issued by Member States' regional governments or local exposures whose exposures are treated as exposures to the central government of that Member State listed in Article 115(2) of Regulation (EU) 575/2013 and in accordance with CDR 2016/2251.	1	0.5%	2%	4%

(iii) Debt securities issued by multilateral banks listed in Article 117(2) of Regulation (EU) of 575/2013 and in accordance with CDR 2016/2251	2-3	1%	3%	6%
(iv) Debt securities issued by international organisations listed in Article 118 of the Regulation (EU) No 575/2013 and in accordance with CDR 2016/2251				
(v) Corporate bonds in accordance with CDR 2016/2251	1	1%	4%	8%
	2-3	2%	6%	12%

To determine the credit quality step, Standard & Poor's ratings shall be primarily used and mapped according to table 2 below. Should Standard & Poor's ratings not be available, Moody's ratings will be used according to table 2 below. Fitch ratings will only be used in case no rating from Standard & Poor's or Moody's is available.

Table 2 Credit Quality step mapping table

Credit Rating Agency	Rating type	Credit Quality Step		
		1	2	3
Fitch Ratings	Long-term Issuer Credit ratings scale	AAA, AA	A	BBB
Moody's Investors Service	Global long-term rating scale	Aaa, Aa	A	Baa
Standard & Poor's ratings Services	Long-term issuer credit ratings scale	AAA, A, A	A	BBB

(ii) Equities in main indices and bonds convertible to equities in main indices shall have a haircut of 15 %.

(iii) Non-cash initial margin posted in a currency other than the currency in which the payments in case of early termination or default have to be made in accordance with the single derivative contract, the relevant exchange of collateral agreement or the relevant credit support annex ('termination currency') shall be subject to an additional haircut of 8%.

In case no termination currency has been set out, the above haircut of 8% shall apply to the market value of all the assets posted as collateral.

(iv) Non-cash variation margin posted in a currency other than those agreed in an individual derivative contract, the relevant governing master netting agreement or the relevant credit support annex shall be subject to an additional haircut of 8%.

The Management Company reserves the right to review and amend the above haircuts at any time when the market conditions have changed and when and if this is deemed in the best interest of the Fund.

Reinvestment of Collateral

Non-cash collateral received by the Fund may not be sold, re-invested or pledged.

Restrictions on the re-use of Cash Collateral

Cash Collateral received by the Fund shall neither be re-invested nor pledged.

BOARD OF DIRECTORS

The Directors are responsible for the overall management and control of the Fund. They will review the operations of the Fund and the Management Company.

MANAGEMENT COMPANY

The Directors of the Fund have appointed SEB Fund Services S.A. as the Management Company of the Fund to be responsible on a day-to-day basis, under supervision of the Directors, for providing administration, investment management and advisory services in respect of all Sub-Funds. In respect of all Sub-Funds, the Management Company has delegated its investment management and advisory functions to JRS Asset Management AB.

The Management Company has delegated the administration functions, including the registrar and transfer functions to European Fund Administration S.A.

SEB Fund Services S.A. was incorporated for an unlimited period on 2 August 1993 in the form of a *société anonyme* in Luxembourg under the name of SEB Lux Advisory Company S.A. It has been transformed into a management company and changed name with effect on 22 October 2004. The Management Company is governed by Chapter 15 of the Law.

It has its registered office in Luxembourg at 4, rue Peternelchen, L-2370 Howald. The articles of incorporation of the Management Company were published in the *Mémorial C*, official gazette of the Grand-Duchy of Luxembourg, as of 16 November 2004. The last amendment thereto was published on 18 May 2012 in the *Mémorial C*.

The exclusive objective of the Management Company is the creation, the administration, the management and the distribution of undertakings for collective investment, specialised investment funds (SIF), venture capital investment companies (SICAR) and pension funds.

The Management Company shall also ensure compliance of the Fund with the investment restrictions and oversee the implementation of the Fund's strategies and investment policy.

The Management Company shall also send reports to the Directors on a periodic basis and inform each board member without delay of any non-compliance of the Fund with the investment restrictions.

The accounts of the Management Company are audited by an independent authorised auditor. This task has been entrusted to PricewaterhouseCoopers, *société coopérative*.

The Management Company currently also acts as management company for other investment funds. The names of these investment funds are available on request at the Management Company's registered office.

The Management Company will also act as Domiciliary Agent of the Fund.

INVESTMENT MANAGER

The Management Company has appointed JRS Asset Management AB as investment manager of the Fund.

The Investment Manager, a company under the laws of Sweden, was incorporated on 17 July 2007. The Investment Manager's articles of association were last amended on 15 June 2012. A copy of its articles of association is available for inspection at the Company's registered office. The Investment Manager is subject to the supervision of the Swedish Financial Supervisory Authority (Finansinspektionen) for the purpose of asset management.

The Investment Manager may on a discretionary basis acquire and dispose of securities of the Sub-Funds for which it has been appointed as investment manager, subject to and in accordance with instructions received from the Management Company and/or the Company from time to time, and in accordance with stated investment objectives and restrictions.

The Investment Manager may, in accordance with the Investment Management Agreement and in accordance with the regulations, appoint one or more Sub-Investment Managers to whom it may delegate all or part of the day to day conduct of its investment management responsibilities in respect of any Sub-Fund. If more than one Sub-Investment Manager is appointed to a Sub-Fund, the Investment Manager shall allocate the assets of the Sub-Fund between the Sub-Investment Managers in such proportions as it shall, at its discretion, determine. Details of the Sub-Investment Managers appointed to each Sub-Fund (as updated from time to time) are available free of charge upon request at the registered office of the Company. Details will also be provided in the Fund's report and accounts.

The Investment Manager may appoint an Investment Committee. The role of the Investment Committee will be to:

- monitor the performance of the Sub-Fund;
- provide the Investment Manager with recommendations on the overall strategy of the Sub-Fund;
- advise and make recommendations to the Investment Manager with respect to the investments and the operations of the Sub-Fund;
- provide feedback on the existing investments of the Sub-Fund;
- consider any other matters it may think fit.

The Investment Committee will meet on a regular basis and will be composed of members appointed by the Investment Manager.

DEPOSITARY

Pursuant to a depositary and paying agent services agreement dated 12 May 2016 (the “Depositary Agreement”), Skandinaviska Enskilda Banken S.A. has been appointed as depositary of the Fund (the “Depositary”). The Depositary will also provide paying agent services to the Fund.

Skandinaviska Enskilda Banken S.A. is a public limited company (société anonyme) under the laws of Luxembourg incorporated for an unlimited duration. Its registered and administrative offices are at 4, rue Peternelchen, L-2370 Howald, Luxembourg. It is licensed to engage in all banking operations under Luxembourg law.

The Depositary has been appointed for the safe-keeping of the assets of the Fund which comprises the custody of financial instruments, the record keeping and verification of ownership of other assets of the Fund as well as the effective and proper monitoring of the Fund’s cash flows in accordance with the provisions of the Law, as amended from time to time, and the Depositary Agreement.

In addition, the Depositary shall also ensure that (i) the sale, issue, repurchase, redemption and cancellation of Shares are carried out in accordance with Luxembourg law and the Articles of Incorporation; (ii) the value of the Shares is calculated in accordance with Luxembourg law and the Articles of Incorporation; (iii) the instructions of the Management Company or the Fund are carried out, unless they conflict with applicable Luxembourg law and/or the Articles of Incorporation; (iv) in transactions involving the Fund’s assets any consideration is remitted to the Fund within the usual time limits; and (v) the Fund’s incomes are applied in accordance with Luxembourg law and the Articles of Incorporation.

In carrying out its functions the Depositary acts honestly, fairly, professionally and independently and solely in the interest of the investors. The Depositary is on an ongoing basis analyzing, based on applicable laws and regulations as well as its conflict of interest policy potential conflicts of interests that may arise while carrying out its functions. It has to be taken into account that the Management Company and the Depositary are members of the same SEB group. Thus, both have put in place policies and procedures ensuring that they (i) identify all conflicts of interests arising from that link and (ii) take all reasonable steps to avoid those conflicts of interest. Where a conflict of interest arising out of the group link between the Management Company and the Depositary cannot be avoided, the Management Company or the Depositary will manage, monitor and disclose that conflict of interest in order to prevent adverse effects on the interests of the Fund and of the investors.

When performing its activities, the Depositary obtains information relating to funds which could theoretically be misused (and thus raise potential conflict of interests issues) in relation to e.g. the interests of other clients of the SEB Group, whether engaging in trading in the same securities or seeking other services, particularly in the area of offering services competing with the interests of other counterparties used by the funds/fund managers, and the interests of the Depositary’s employees in personal account dealings. Potential conflicts of interests in the SEB Group can be further exemplified as not market equivalent pricing of the depositories’ services and the undue influence in the management and board of directors of the funds/fund managers by the Depositary, and vice versa.

Consequently, to mitigate the potential conflicts of interest, it has been ensured that the activities of a depositary function are physically, hierarchically and systematically separated from other functions of the Depositary in order to establish information firewalls. Moreover, the depositary function has a mandate and a veto to approve or decline fund clients independent of other functions and has its own committees for escalation of matters connected to its role as a depositary, where other functions with potentially conflicting interests are not represented.

For further details on management, monitoring and disclosure of potential conflicts of interest please refer to Instruction for Handling of Conflicts of Interest in Skandinaviska Enskilda Banken S.A. which can be found on the following webpage: http://sebgroup.lu/siteassets/about-seb/policies/sebsa_conflict_of_interest.pdf

In compliance with the provisions of the Depositary Agreement and the Law, as amended from time to time, the Depositary may, subject to certain conditions and in order to effectively conduct its duties, delegate part or all of its safe-keeping duties in relation to financial instruments that can be held in custody, duly entrusted to the Depositary for custody purposes, and/or all or part of its duties regarding the record keeping and verification of ownership of other assets of the Fund to one or more delegate(s), as they are appointed by the Depositary from time to time.

In order to avoid any potential conflicts of interest, irrespective of whether a given delegate is part of the SEB Group or not, the Depositary exercise the same level of due skill, care and diligence both in relation to the selection and appointment as well as in the on-going monitoring of the relevant delegate. Furthermore, the conditions of any appointment of a delegate that is member of the SEB Group will be negotiated at arm's length in order to ensure the interests of the investors. Should a conflict of interest occur and in case such conflict of interest cannot be neutralized, such conflict of interest as well as the decisions taken will be disclosed to the investors and the Prospectus revised accordingly. An up-to-date list of these delegates can be found on the following webpage: <http://sebgroup.lu/siteassets/corporations-and-institutions/global-custody-network.pdf>

Where the law of a third country requires that financial instruments are held in custody by a local entity and no local entity satisfies the delegation requirements of article 34bis, paragraph 3, lit. b) i) of the Law, the Depositary may delegate its functions to such local entity to the extent required by the law of that third country for as long as there are no local entities satisfying the aforementioned requirements.

In order to ensure that its tasks are only delegated to delegates providing an adequate standard of protection, the Depositary has to exercise all due skill, care and diligence as required by the Law in the selection and the appointment of any delegate to whom it intends to delegate parts of its tasks and has to continue to exercise all due skill, care and diligence in the periodic review and ongoing monitoring of any delegate to which it has delegated parts of its tasks as well as of any arrangements of the delegate in respect of the matters delegated to it. In particular, any delegation is only possible when the delegate at all times during the performance of the tasks delegated to it segregates the assets of the Fund from the Depositary's own assets and from assets belonging to the delegate in accordance with the Law. The Depositary's liability shall not be affected by any such delegation unless otherwise stipulated in the Law and/or the Depositary Agreement.

An up-to-date information regarding the Depositary, its duties and the conflicts of interest that may arise, any safekeeping functions delegated by the Depositary, the list of delegates and any conflicts of interests that may arise from such delegation, is available to the investors upon request at the registered office of the Management Company.

The Depositary is liable to the Fund or its investors for the loss of a financial instrument held in custody by the Depositary and/or a delegate. In case of loss of such financial instrument, the Depositary has to return a financial instrument of an identical type or the corresponding amount to the Fund without undue delay. In accordance with the provisions of the Law, the Depositary will not be liable for the loss of a financial instrument, if such loss has arisen as a result of an external event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

The Depositary shall be liable to the Fund and to the investors for all other losses suffered by them as a result of the Depositary's negligent or intentional failure to properly fulfil its duties in accordance with applicable law, in particular the Law and/or the Depositary Agreement.

The Fund and the Depositary may terminate the Depositary Agreement at any time by giving ninety (90) days' notice in writing. In case of a voluntary withdrawal of the Depositary or of its removal by the Fund, the Depositary must be replaced at the latest within two (2) months after the expiry of the aforementioned termination notice by a successor depositary to whom the Fund's assets are to be delivered and who will take over the functions and responsibilities of the Depositary. If the Management Company/Fund does not name such successor depositary in time the Depositary may notify the CSSF of the situation. The Management Company/Fund will take the necessary steps, if any, to initiate the liquidation of the Fund, if no successor depositary bank has been appointed within two (2) months after the expiry of the aforementioned termination notice of ninety (90) days.

ADMINISTRATION AGENT

The Management Company also acts as central administration agent (hereinafter the "Central Administration Agent").

The registered address of the Central Administration Agent is 4, rue Peternelchen, L-2370 Howald .

The Central Administration Agent has delegated, at its own expense, the duties relating to the administration of the Fund as well as the transfer and registrar agent function to European Fund Administration S.A., a *société anonyme* established in Luxembourg (hereinafter the "Administration Agent"). In this capacity, the Administration Agent will carry out all administrative duties related to the administration of the Fund, including the calculation of the Net Asset Value of the Shares and the provision of accounting services to the Fund. As Registrar and Transfer Agent, it will process all subscriptions, redemptions and transfers of shares and will register these transactions in the register of the Fund.

AUDITOR

PricewaterhouseCoopers, *société coopérative* has been appointed as Auditor of the Fund.

SHARE DEALING

Subscription for Shares

Initial Offer Period

Applications for subscription may be made during the Initial Offer Period (if applicable) specified for each Class in the relevant Appendix for each Sub-Fund.

Initial Issue Price

During any Initial Offer Period (if applicable), the issue price per Share of each Class is the price specified in the relevant Appendix for each Sub-Fund plus any applicable subscription charge.

Minimum Initial Subscription and Holding Amounts

The Directors will set and waive in their discretion a minimum initial subscription amount and a minimum ongoing holding amount per Class in each Sub-Fund for each registered Shareholder, to be specified in the relevant Appendix for each Sub-Fund.

Subsequent Subscriptions

If the Directors determine that it is in the interest of Shareholders of a Sub-Fund to accept subscriptions after the Initial Offer Period, applications for subscription may be made on or prior to any day that is a Valuation Day for the Sub-Fund or Class concerned (or on such other days as the Directors may from time to time determine), subject to any prior notice requirements specified in the relevant Appendix for each Sub-Fund. The Directors may discontinue the issue of new Shares in any Sub-Fund or Class at any time in their discretion.

Minimum Subsequent Subscription Amount

The Directors will set and waive in their discretion a minimum subsequent subscription amount, to be specified in the relevant Appendix for each Sub-Fund.

Prior Notice Requirements

The Directors may in their discretion refuse to accept any application for subscription received after the first day of any prior notice period specified for each Class in the relevant Appendix for each Sub-Fund.

Subscription Price Per Share

After any Initial Offer Period, the Subscription Price per Share of each Class is the Net Asset Value per Share of such Class determined as at the Valuation Day on which the application has been accepted, increased by any applicable subscription charge.

Subscription Charge

Financial intermediaries are entitled to the subscription charge, which can be partly or fully waived at the discretion of such intermediaries. The subscription charge attributed to each Class is specified in the relevant Appendix for each Sub-Fund.

Payment of Subscription Price

The full purchase price of the Shares subscribed must be received in immediately available funds by the Depositary or its agent in the reference currency of the Class concerned not later than the date specified in the relevant Appendix for each Sub-Fund. Unless otherwise specified in the relevant Appendix for each Sub-Fund, no interest will be paid on payments received prior to the closing date of any Initial Offer Period or prior to any Valuation Day.

Acceptance of Subscriptions

The Directors reserve the right to accept or refuse any application to subscribe Shares in whole or in part.

Suspension of Subscriptions

The Directors will suspend the issue of Shares of any Sub-Fund or Class whenever the determination of the Net Asset Value of such Sub-Fund or Class is suspended.

Price Information

The Net Asset Value per Share is available from the registered office of the Fund.

Types of Shares

Shares will be issued in registered form. Registered Shares are in non-certificated form. Fractional entitlements to registered Shares will be rounded downwards to three decimal places. Fractions of Shares do not confer voting rights at any meeting of Shareholders but entitle the holder thereof to a correspondent amount in case of payment of dividend distribution or liquidation proceeds.

Anti-Money Laundering Procedures and Fight Against Financing of Terrorism

Pursuant to international rules and Luxembourg laws and regulations comprising but not limited to the law of November 12, 2004 on the fight against money laundering and financing of terrorism, as amended and circulars of the supervising authority, obligations have been imposed on all professionals of the financial sector to prevent the use of undertakings for collective investment for money laundering and financing of terrorism purposes. As a result of such provisions, the Registrar and Transfer Agent of a Luxembourg undertaking for collective investment must in principle ascertain the identity of the subscriber in accordance with Luxembourg laws and regulations. The Registrar and Transfer Agent may require subscribers to provide any document it deems necessary to effect such identification.

In case of delay or failure by an applicant to provide the documents required, the application for subscription (or, if applicable, for redemption) will not be accepted. Neither the Fund nor the Central Administration Agent nor the Registrar and Transfer Agent will have any liability for delays or failure to process deals as a result of the applicant providing no or only incomplete documentation.

Shareholders may be requested to provide additional or updated identification documents from time to time pursuant to ongoing client due diligence requirements under relevant laws and regulations.

Institutional Investors

As detailed in the relevant Appendix for each Sub-Fund, the sale of Shares of certain Classes may be restricted to Institutional Investors and the Fund will not issue or give effect to any transfer of Shares of such Classes to any investor who may not be considered an Institutional Investor.

The Fund may, at its discretion, delay the acceptance of any subscription for Shares of a Class restricted to Institutional Investors until such date as it has received sufficient evidence on the qualification of the investor as an Institutional Investor.

Ineligible Investors

The Fund will not issue Shares to any Investor who is not considered an eligible Investor. The Directors of the Fund may, at their discretion, delay the acceptance of any subscription for Shares until such date as the Fund has received sufficient evidence on the qualification of the relevant Investor as an eligible Investor.

The application form requires each prospective applicant for Shares to represent and warrant to the Fund that, among other things, he is an eligible Investor and is able to acquire and hold Shares without violating applicable laws.

Shares may not be offered, issued or transferred to any person which is not an eligible Investor or any person in circumstances which, in the opinion of the Directors, might result in the Fund incurring any liability to taxation or suffering any other pecuniary disadvantage which the Fund might not otherwise incur or suffer, or would result in the Fund being required to register under any applicable US securities laws.

Shares may generally not be issued or transferred to any United States Person, except that the Directors may authorise the issue or transfer of Shares to or for the account of a United States Person provided that:

- (a) such issue or transfer does not result in a violation of the 1933 Act or the securities laws of any of the States of the United States;
- (b) such issue or transfer will not require the Fund to register under the 1940 Act or to file a private placement memorandum with the US Commodity Futures Trading Commission or the US National Futures Association pursuant to regulations under the US Commodity Exchange Act, as amended;
- (c) such issue or transfer will not cause any assets of the Fund to be "plan assets" for the purposes of the US Employee Retirement Income Securities Act (ERISA) as amended; and
- (d) such issue or transfer will not result in any adverse regulatory or tax consequences to the Fund or its Shareholders as a whole.

Each applicant for, and transferee of, Shares who is a United States Person will be required to provide such representations, warranties or documentation as may be required to ensure that these requirements are met prior to the issue, or the registration of any, transfer of Shares. Based on such representations, warranties and documentation, the Directors will make a determination whether to authorise the issue or transfer of Shares to or for the account of a United States Person. If the transferee is not already a Shareholder, he will be required to complete the appropriate application form.

Subject as mentioned above, Shares are freely transferable. The Directors may, however, refuse to register a transfer which would result in either the transferor or the transferee remaining or being registered (as the case may be) as the holder of Shares in a Sub-Fund valued at less than the minimum holding requirement.

The Fund will require from each registered Shareholder acting on behalf of other investors that any assignment of rights to Shares be made in compliance with applicable securities laws in the jurisdictions where such assignment is made and that in unregulated jurisdictions such assignment be made in compliance with the minimum holding requirement.

The Directors may require the compulsory redemption of Shares owned by Investors in breach of the restrictions above.

Redemption of Shares

Redemption Procedure

Subject to the restrictions set out in the main part of this Prospectus and in the relevant Appendix for each Sub-Fund, any Shareholder may apply for the redemption of some or all of his Shares or of a fixed amount. All redemption requests are to be received by the Registrar and Transfer Agent no later than the time specified in the relevant Appendix for each Sub-Fund failing which the redemption request will be treated as received for the following Valuation Day and Shares will be redeemed based on the Redemption price applicable for that Valuation Day. If the value of a Shareholder's holding on the relevant Valuation Day is less than the fixed amount which the Shareholder has applied to redeem, the Shareholder will be deemed to have requested the redemption of all of his Shares.

Minimum Holding Amount

If as a result of a redemption, the value of a Shareholder's holding would become less than the minimum holding amount specified for each Class in the relevant Appendix for each Sub-Fund, the Directors may decide that the redeeming Shareholder shall be deemed to have requested the conversion of the rest of his Shares into Shares of the Class of the same Sub-Fund with a lower minimum holding amount (subject to the fulfilment of any requirements imposed on such Class) and, if the redeeming Shareholder was holding Shares of the Class with the lowest minimum holding amount, the Directors may decide that the redeeming Shareholder shall be deemed to have requested the redemption of all of his Shares. The Directors may also at any time decide to compulsorily redeem all Shares from any Shareholder whose holding is less than the minimum holding amount specified for each Class in the relevant Appendix for each Sub-Fund. Before any such compulsory redemption or conversion, each Shareholder concerned will receive one month prior notice to increase his holding above the applicable minimum holding amount at the applicable Net Asset Value per Share.

Redemption Charge

In each Class of each Sub-Fund, a redemption charge may be charged or waived in whole or in part, as specified in the relevant Appendix for each Sub-Fund.

Redemption Price per Share

The Redemption Price per Share of each Class is the Net Asset Value per Share of such Class determined as at the Valuation Day on which the redemption application has been accepted, reduced by any applicable redemption charge.

Payment of Redemption Proceeds

Redemption proceeds, net of any applicable redemption charge, are paid in the reference currency of the relevant Sub-Fund or Class by or on behalf of the Depositary on the date specified in the relevant Appendix for each Sub-Fund.

Redemptions in kind

In exceptional circumstances the Directors may request in accordance with the provisions of the Articles of Incorporation, that a Shareholder accepts 'redemption in kind' (i.e. receives a portfolio of assets from the relevant Class of equivalent value to the appropriate cash redemption payment). In such circumstances the Shareholder must specifically accept the redemption in kind. The Shareholder may always request a cash redemption payment in the reference currency of the Class. Where the Shareholder agrees to accept redemption in kind he will, as far as possible, receive a representative selection of the Class' holdings pro rata to the number of Shares redeemed and the Directors will make sure that the remaining Shareholders do not suffer any loss therefrom. The value of the redemption in kind will be certified by a certificate drawn up by the auditors of the Fund in accordance with the requirements of Luxembourg law, the costs of which shall be borne by the relevant Shareholder.

Compulsory Redemption of Shares

If the Directors become aware that a Shareholder of record is holding Shares for the account of a person who does not meet the Shareholder eligibility requirements specified in this Prospectus, or is holding Shares in breach of any law or regulation or otherwise in circumstances having, or which may have, adverse regulatory, tax or fiscal consequences for the Fund or a majority of its Shareholders, or otherwise be detrimental to the interests of the Fund, the Directors may compulsorily redeem such Shares in accordance with the provisions of the Articles of Incorporation. Shareholders are required to notify the Fund and the Registrar and Transfer Agent immediately if they cease to meet the Shareholder eligibility requirements specified in "Subscriptions for Shares" above or in the relevant Appendix for each Sub-Fund, or hold Shares for the account or benefit of any person who does not or has ceased to meet such requirements, or hold Shares in breach of any law or regulation or otherwise in circumstances having, or which may either have adverse regulatory, tax or fiscal consequences for the Fund or be detrimental to the interests of the Fund.

If the Directors become aware that a Shareholder has failed to provide any information or declaration required by the Directors within ten days of being requested to do so, the Directors may compulsorily redeem the relevant Shares in accordance with the provisions of the Articles of Incorporation.

Large Redemptions

If applications for the redemption of more than 10% of the total number of Shares outstanding of any Sub-Fund are received in respect of any Valuation Day, the Directors may decide to defer redemption requests so that the 10% limit is not exceeded. Under these circumstances, redemptions may be deferred to a following Valuation Day, as the Directors may decide. Any redemption requests in respect of the relevant Valuation Day so reduced will be given priority over subsequent redemption requests received for the succeeding Valuation Day, subject always to the 10% limit. The above limitations will be applied pro rata to all Shareholders who have requested redemptions to be effected on or as at such Valuation Day so that the proportion redeemed of each holding so requested is the same for all such Shareholders.

Suspension of Redemptions

Redemption of Shares of any Sub-Fund or Class will be suspended whenever the determination of the Net Asset Value of such Sub-Fund or Class is suspended.

Revocability of Redemption Requests

In normal circumstances, except in the event of a suspension of the determination of the Net Asset Value of the relevant Sub-Fund, applications for redemptions of Shares are irrevocable and may not be withdrawn by any Shareholder. In the event of such a suspension, the Shareholders of the relevant Sub-Fund, who have made an application for redemption of their Shares, may give written notice to the Fund that they wish to withdraw their application. Further, the Directors may at their discretion, taking due account of the principle of equal treatment between Shareholders and the interest of the relevant Sub-Fund, decide to accept any withdrawal of an application for redemption.

Conversion of Shares

Conversions between Sub-Funds will only be accepted if specifically mentioned in the relevant Appendix for each Sub-Fund.

No conversion of Shares into Shares of another existing Class within the same or a different Sub-Fund may be made at any time when issues and redemptions of Shares in either or both of the relevant Classes are suspended.

Irrevocability of Conversion Requests

Any request for conversions shall be irrevocable and may not be withdrawn by any Shareholder in any circumstances, except in the event of a suspension of the determination of the Net Asset Value of the relevant Sub-Fund or Class. In the event of a suspension, the Fund will process the conversion requests on the first applicable Valuation Day following the end of the period of suspension.

Conditions

Acceptance of any application for conversion is contingent upon the satisfaction of any conditions

(including any minimum subscription and prior notice requirements) applicable to the Class into which the conversion is to be effected. If as a result of a conversion, the value of a Shareholder's holding in the new Class would be less than any minimum holding amount specified in the relevant Appendix for each Sub-Fund, the Directors may decide not to accept the conversion request. If as a result of a conversion, the value of a Shareholder's holding in the original Class would become less than the minimum subscription amount specified for each Class in the relevant Appendix for each Sub-Fund, the Directors may decide that such Shareholder shall be deemed to have requested the conversion of all of his Shares.

Prior Notice Requirements

Unless specifically otherwise provided, the prior notice requirements for redemptions as specified for a given Sub-Fund in the relevant Appendix for each Sub-Fund shall be applicable to conversion requests.

Conversion Value

The number of full and fractional Shares issued upon conversion is determined on the basis of the Net Asset Value per Share of each Class concerned on the common Valuation Day on which the conversion request is made. If there is no common Valuation Day for any two Classes, the conversion is made on the basis of the Net Asset Value calculated on the next following Valuation Day of the Class of Shares to be converted and on the following Valuation Day of the Class into which conversion is requested, or on such other days as the Directors may reasonably determine.

Compulsory Conversions

If the Shareholder of a given Class accumulates a number of Shares of that Class with an aggregate Net Asset Value equal to or in excess of the minimum subscription amount of a parallel Class within the same Sub-Fund and such parallel Class is subject to a lower fee structure, the Directors may in their discretion convert the Shareholder's Shares into Shares of the parallel Class with such lower fee structure. A "parallel class" within a Sub-Fund is a Class that is identical in all material respects (including investment objective and policy) save for the minimum subscription amount and fee structure applicable to it.

Conversion Fee

To cover any transaction costs which may arise from the conversion, the Directors may charge, for the benefit of the original Sub-Fund, a conversion fee of up to the amount of the Redemption Charge applicable to the Shares to be converted.

In addition, the subscription charge of the Class or Sub-Fund in which the conversion is effected may be levied as if the Investor were subscribing in that Class or Sub-Fund.

Calculation of Net Asset Value

Calculation of the Net Asset Value per Share

(A) The Net Asset Value per Share of each Class will be calculated as of each Valuation Day in

the currency of the relevant Class. It will be calculated by dividing the net asset value attributable to each Class, being the proportionate value of its assets less its liabilities, by the number of Shares of such Class then in issue. The resulting sum shall be rounded downwards to the nearest five decimal places.

- (B) The Directors reserve the right to allow the Net Asset Value per Share of each Class of Shares to be calculated more frequently than once daily, or to otherwise alter dealing arrangements on a permanent or a temporary basis, for example, where the Directors consider that a material change to the market value of the investments in one or more Sub-Funds so demands. The Prospectus will be amended, following any such permanent alteration, and Shareholders will be informed accordingly.
- (C) In valuing total assets, the following rules will apply:
- (1) The value of any cash in hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be arrived at after making such discount as the Fund may consider appropriate in such case to reflect the true value thereof.
 - (2) The value of any securities, money market instruments and derivative instruments will be determined on the basis of the last available price on the stock exchange or any other Regulated Market as aforesaid on which these securities, money market instruments or derivative instruments are traded or admitted for trading unless otherwise mentioned in the relevant Appendix for each Sub-Fund. Where such securities, money market instruments or derivative instruments are quoted or dealt in on one or more than one stock exchange or on any other Regulated Market, the Directors shall make regulations for the order of priority in which stock exchanges or other Regulated Markets shall be used for the provision of prices of securities, money market or derivative instruments.
 - (3) If a security, money market instrument or derivative instrument is not traded or admitted on any official stock exchange or any Regulated Market, or in the case of securities, money market instruments and derivative instruments so traded or admitted the last available price of which does not reflect their true value, the Directors are required to proceed on the basis of their expected sales price, which shall be valued with prudence and in good faith.
 - (4) Swaps contracts will be valued at the market value fixed in good faith by the Directors and according to generally accepted valuation rules that can be verified by auditors. Asset based swap contracts will be valued by reference to the market value of the underlying assets. Cash flow based swap contracts will be valued by reference to the net present value of the underlying future cash flows.
 - (5) Each share or unit in an open-ended investment fund will be valued at the last available net asset value (or bid price for dual priced investment funds) whether estimated or final, which is computed for such unit or shares on the same Valuation Day, failing which, it shall be the last net asset value (or bid price for dual priced investment funds) computed

prior to the Valuation Day on which the Net Asset Value of the Shares in the Fund is determined.

- (6) In respect of shares or units of an investment fund held by the Fund, for which issues and redemptions are restricted and a secondary market trading is effected between dealers who, as main market makers, offer prices in response to market conditions, the Directors may decide to value such shares or units in line with the prices so established.
- (7) If, since the day on which the latest net asset value was calculated, events have occurred which may have resulted in a material change of the net asset value of shares or units in other investment funds held by the Fund, the value of such shares or units may be adjusted in order to reflect, in the reasonable opinion of the Directors, such change of value.
- (8) The value of any security which is dealt principally on a market made among professional dealers and institutional investors shall be determined by reference to the last available price.
- (9) If any of the aforesaid valuation principles do not reflect the valuation method commonly used in specific markets or if any such valuation principles do not seem accurate for the purpose of determining the value of the Fund's assets, the Directors may fix different valuation principles in good faith and in accordance with generally accepted valuation principles and procedures.
- (10) Any assets or liabilities in currencies other than the reference currency of the Sub-Funds will be converted using the relevant spot rate quoted by a bank or other responsible financial institution.
- (11) In circumstances where the interests of the Fund or its Shareholders so justify (avoidance of market timing practices, for example), the Directors may take any appropriate measures, such as applying a fair value pricing methodology to adjust the value of the Fund's assets, as further described below under "Market Timing and Frequent Trading Policy".

Suspensions or Deferrals

- (A) The Fund reserves the right to extend the period of payment of redemption proceeds to such period as shall be necessary to repatriate proceeds of the sale of investments in the event of impediments due to exchange control regulations or similar constraints in the markets in which a substantial part of the assets of the Fund are invested or in exceptional circumstances where the liquidity of the Fund is not sufficient to meet the redemption requests.
- (B) The Fund may suspend or defer the calculation of the Net Asset Value of any Class of Shares in any Sub-Fund and the issue and redemption of any Class of Shares in such Sub-Fund, as well as the right to convert Shares of any Class in any Sub-Fund into Shares of the same Class of the same Sub-Fund or any other Sub-Fund:
 - (a) during any period when any of the principal stock exchanges or any other Regulated

Market on which any substantial portion of the Fund's investments of the relevant Class for the time being are quoted, is closed (otherwise than for ordinary holidays), or during which dealings are restricted or suspended; or

- (b) during any period when the Net Asset Value of one or more investment funds, in which the Fund will have invested and the units or the shares of which constitute a significant part of the assets of the Fund, cannot be determined accurately so as to reflect their fair market value as at the Valuation Day; or
 - (c) during the existence of any state of affairs which constitutes an emergency as a result of which disposal or valuation of investments of the relevant Sub-Fund by the Fund is impracticable; or
 - (d) during any breakdown in the means of communication normally employed in determining the price or value of any of the Fund's investments or the current prices or values on any market or stock exchange; or
 - (e) during any period when the Fund is unable to repatriate funds for the purpose of making payments on the redemption of such Shares or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on redemption of such Shares cannot in the opinion of the Directors be effected at normal rates of exchange; or
 - (f) when the net asset value of one or more investment funds in which a Sub-Fund has invested and the units or the shares of which constitute at least 10% of the net assets of the Sub-Fund has not been made available to the Central Administration Agent as at the relevant Valuation Day, or if, for any exceptional circumstances, the value of any asset of the Fund attributable to such Sub-Fund may not be determined as rapidly and accurately as required; or
 - (g) if the Fund or the relevant Sub-Fund is being or may be wound-up on or following the date on which notice is given of the meeting of Shareholders at which a resolution to wind up the Fund or the Sub-Fund is proposed; or
 - (h) if the Directors have determined that there has been a material change in the valuations of a substantial proportion of the investments of the Fund attributable to a particular Class of Shares in the preparation or use of a valuation or the carrying out of a later or subsequent valuation; or
 - (i) during any other circumstance or circumstances where a failure to do so might result in the Fund or its Shareholders incurring any liability to taxation or suffering other pecuniary disadvantages or other detriment which the Fund or its Shareholders might so otherwise have suffered.
- (C) The suspension of the calculation of the Net Asset Value of any Sub-Fund or Class shall not affect the valuation of other Sub-Funds or Classes, unless these Sub-Funds or Classes are also affected.

(D) During a period of suspension or deferral, a Shareholder may withdraw his request in respect of any Shares not redeemed or converted, by notice in writing received by the Registrar and Transfer Agent before the end of such period.

Shareholders and applicants for Shares will be informed of any suspension or deferral as appropriate.

Market Timing and Frequent Trading Policy

The Fund does not knowingly allow dealing activity which is associated with market timing or frequent trading practices, as such practices may adversely affect the interests of all Shareholders.

Market timing is held to mean subscriptions into, conversions between or redemptions from the various Classes of Shares (whether such acts are performed singly or severally at any time by one or several persons) that seek or could reasonably be considered to appear to seek profits through arbitrage or market timing opportunities. Frequent trading is held to mean subscriptions into, conversions between or redemptions from the various Classes of Shares (whether such acts are performed singly or severally at any time by one or several persons) that by virtue of their frequency or size cause any Sub-Fund's operational expenses to increase to an extent that could reasonably be considered detrimental to the interests of the Fund's other Shareholders.

Accordingly, the Directors may, whenever they deem it appropriate, cause the Management Company to implement either one, or both, of the following measures:

- The Management Company may combine Shares which are under common ownership or control for the purposes of ascertaining whether an individual or a group of individuals can be deemed to be involved in market timing practices. Accordingly, the Directors reserve the right to cause the Management Company to reject any application for conversion and/or subscription of Shares from investors whom the former considers market timers or frequent traders.
- If a Sub-Fund is primarily invested in markets which are closed for business at the time the Sub-Fund is valued, the Directors may, during periods of market volatility, and by derogation from the provisions below, under "Calculation of Net Asset Value", cause the Management Company to allow for the Net Asset Value per Share to be adjusted to reflect more accurately the fair value of the Sub-Fund's investments at the point of valuation.

GENERAL INFORMATION

Fees, Charges and Expenses

Directors

Each of the Directors of the Fund is entitled to remuneration for his services at a rate determined by the Fund in the General Meeting from time to time. External Directors will be remunerated for their services in line with market practice and standards. In addition, each Director may be paid reasonable expenses incurred while attending meetings of the Board of Directors, committees or General Meetings of the Fund. Additionally, expenses for the provision of Directors payable to the

companies where the Directors are employed, may be charged to the Fund.

Management Company

The Management Company will receive a management company fee for the provision of its services. The management company fee is specified in the relevant Appendix. The Management Company will also be reimbursed for reasonable out-of-pocket expenses relating to the services thereto.

Investment Manager

The different Sub-Funds and Classes will incur an annual investment management fee payable to the Investment Manager. The investment management fee is specified in the relevant Appendix. Furthermore the Investment Manager may be, if applicable, entitled to be paid out of each Sub-Fund's assets a performance fee as specified in the relevant Appendix.

Investment Advisor and Sub-Investment Managers

Investment advisers and Sub-Investment Managers will be entitled to receive in total an investment advisory /sub-investment management fee of up to 0,75% per annum of the net assets of the Company which will be paid out of the Management Fee.

In addition, the Investment Advisor and the Sub-Investment Manager may be paid reasonable expenses incurred while attending committees such as the Investment Committee.

Central Administration Agent

The fees and expenses to be paid to the Central Administration Agent are calculated on the basis set out in the relevant Appendix. The Depositary and the Administration Agent and the Registrar and Transfer Agent will in part be paid out of this fee and reimbursed for reasonable out-of-pocket expenses relating to the services thereto.

Depositary

The fees and expenses to be paid to the Depositary are calculated on the basis set out in the relevant Appendix. The Depositary will be reimbursed for reasonable out-of-pocket expenses relating to the services thereto.

Other Charges and Expenses

The Fund will pay all charges and expenses incurred in the operation of the Fund including, without limitation, taxes, expenses for legal and auditing services, brokerage fees, governmental duties and charges, settlement costs and bank charges related to buying and selling assets (including the costs of analysis and research services), stock exchange listing expenses and fees due to supervisory authorities in various countries, including the costs incurred in obtaining and maintaining registrations so that the Shares of the Fund may be marketed in different countries; expenses incurred in the issue, switch and redemption of Shares and payment of dividends, registration fees, insurance, interest and the costs of computation and publication of Share prices

and postage, telephone, facsimile transmission and the use of other electronic communication; costs connected with the technical establishment of methods for measuring and analysing the performance and the risk of the Sub-Funds as well as costs related to all types of risk management of the Sub-Funds; costs of printing proxies, statements, Share certificates or confirmations of transactions, Shareholders' reports, prospectus, KIID (a) and supplementary documentation, explanatory brochures and any other periodical information or documentation for investor relations purposes.

In addition to standard banking and brokerage charges paid by the Fund, the Investment Manager providing services to the Fund may receive payment for these services. The Investment Manager may enter into soft commission arrangements only where there is a direct relation with the activities of the Investment Manager for the account of the Fund and a direct and identifiable benefit to the clients of the Investment Manager, including the Fund, and where the Investment Manager is satisfied that the transactions generating the soft commissions are made in good faith, in strict compliance with applicable regulatory requirements and in the best interests of the Fund. The Investment Manager must at any moment act in the interest of the Fund. Any such arrangements must be made by the Investment Manager on terms commensurate with best market practice and shall be disclosed in the annual report of the Fund. These soft commissions shall not be payable to physical persons

The Fund shall bear its incorporation expenses, including the costs of drawing up and printing the Prospectus and KIID, notary public fees, the filing costs with administrative and stock exchange authorities and any other costs pertaining to the setting up and launching of the Fund.

These expenses, estimated at EUR 12,000.- will be amortised on a straight line basis over five (5) years from the date on which the Fund commenced business under the UCITS regime. The Directors may, in their absolute discretion, shorten the period over which such costs and expenses are amortised.

The expenses incurred by the Fund in relation to the launch of additional Sub-Funds may be borne by, and payable out of the assets of, those Sub-Funds and will be amortised on a straight line basis over five (5) years from the launch date.

General and Statutory Information

The information below includes a summary of some of the provisions of the Articles of Incorporation and Material Contracts described below and is provided subject to the general provisions of each of such documents.

1. The Fund

The Fund is an umbrella open-ended investment company with variable share capital, organised as a société anonyme and qualifies as a Société d'Investissement à Capital Variable (SICAV) under the Law. The Fund was incorporated as a specialised investment fund (SIF) (fonds d'investissement spécialisé) for an unlimited period on 24 September 2009 with an initial capital of EUR 31,000 and its Articles of Incorporation were published in the Mémorial C on 14 October 2009. The Fund was transformed into an undertaking to collective investment

in transferable securities (UCITS) under Part I of the Law at the General Meeting of Shareholders held on 16 July 2014. The minutes of this General Meeting, including the consolidated Articles of Incorporation, to be published in the Mémorial C on 30 August 2014.

The Fund is registered under Number B 148348 with the Registre de Commerce et des Sociétés in Luxembourg, where the Articles of Incorporation have been filed and are available for inspection. The Fund exists for an indefinite period.

2. Share Capital

The minimum capital of the Fund required by the Law is EUR 1,250,000. The share capital of the Fund is represented by fully paid Shares of no par value and is at any time equal to its Net Asset Value. Should the capital of the Fund fall below two thirds of the minimum capital, an Extraordinary General Meeting of Shareholders must be convened to consider the dissolution of the Fund. Any decision to liquidate the Fund must be taken by a majority of the votes cast by the Shareholders present or represented at the General Meeting. Where the share capital falls below one quarter of the minimum capital, the Directors must convene an Extraordinary General Meeting of Shareholders to decide upon the liquidation of the Fund. At that General Meeting, the decision to liquidate the Fund may be taken by Shareholders holding together one quarter of the Shares present or represented.

For consolidation purposes, the reference currency of the Fund is EUR.

3. Material Contracts

The following material contracts, not being contracts entered into in the ordinary course of business, have been entered into:

- a) Management Company Agreement between the Fund and the Management Company.
- b) Investment Management Agreement between the Management Company and the Investment Manager.
- c) Placement and Distribution Agreement between the Management Company and the Global distributor.
- d) Depositary Agreement between the Fund and the Depositary.

The material contracts listed above may be amended from time to time by agreement between the parties thereto.

4. Documents available for inspection or upon request

Copies of the Articles of Incorporation, Prospectus, KIID, material contracts mentioned above and most recent annual reports and semi-annual reports may be obtained free of charge and upon request, from the registered office of the Fund and are available for inspection during normal business hours, at the registered office of the Fund.

5. Policies

Conflicts of interest

The Management Company, the Depository, and the other service providers of the Fund, and/or their respective affiliates, members, employees or any person connected with them may be subject to various conflicts of interest in their relationships with the Fund.

The Board of Directors has adopted and implemented a conflicts of interest policy in accordance with its Code of Conduct.

The Management Company, the Fund and the Depository have adopted and implemented a conflicts of interest policy and have made appropriate organisational and administrative arrangements to identify and manage conflicts of interests so as to minimise the risk of the Fund's interests being prejudiced, and if they cannot be avoided, ensure that the Fund's investors are treated fairly.

The Management Company and the Depository are part of the SEB Group (the "Affiliated Person").

The Affiliated Person is a worldwide, full-service private banking, investment banking, asset management and financial services organization and a major participant in the global financial markets. As such, the Affiliated Person is active in various business activities and may have other direct or indirect interests in the financial markets in which the Fund invests.

Entities of the Affiliated Person act as counterparty and in respect of financial derivative contracts entered into by the Fund.

Potential conflicts of interest or duties may arise because the Affiliated Person may have invested directly or indirectly in the Fund. The Affiliated Person could hold a relatively large proportion of shares in the Fund. Furthermore, a potential conflict may arise because the Depository is related to a legal entity of the Affiliated Person which provides other products or services to the Fund.

In the conduct of its business the Management Company and the Affiliated Person's policy is to identify, manage and where necessary prohibit any action or transaction that may pose a conflict between the interests of the Affiliated Persons' various business activities and the Fund or its investors. The Affiliated Person, as well as the Management Company strive to manage any conflicts in a manner consistent with the highest standards of integrity and fair dealing. For this purpose, both have implemented procedures that shall ensure that any business activities involving a conflict which may harm the interests of the Fund or its investors, are carried out with an appropriate level of independence and that any conflicts are resolved fairly. Details can be found on the following webpage:

http://sebgroup.lu/siteassets/about-seb/policies/sebsa_conflict_of_interest.pdf for the Depository

http://sebgroup.com/siteassets/corporations_and_institutions/our_services/transaction_banking/for_institutional_clients/fund_services_and_fund_execution/conflicts_of_interest_seb_fund_services.pdf for the Management Company.

Notwithstanding its due care and best effort, there is a risk that the organizational or administrative arrangements made by the Management Company for the management of conflicts of interest are not sufficient to ensure with reasonable confidence, that risks of damage to the interests of the Fund or its shareholders will be prevented. In such case these non-neutralized conflicts of interest as well as the decisions taken will be reported to investors in an appropriate manner (e.g. in the notes to the financial statements of the Fund). Respective information will also be available free of charge at the registered office of the Management Company.

Exercise of voting rights

A summary of the strategy for determining when and how voting rights attached to the Fund's investments are to be exercised shall be made available to investors. The information related to the actions taken on the basis of this strategy in relation to the Fund shall be made available to investors upon request at the registered office of the Fund.

The Organization and exercise of voting rights' policy is available, free of charge, upon request at the registered office of the Management Company and on the Website of the Management Company.

Preferential treatment of investors

Shareholders are being given a fair treatment by ensuring that they are subject to the same rights and, as the case may be, the same obligations vis-à-vis the Fund (as such rights are obligations notably result from the Management Regulations and this Prospectus) as those to which other Shareholders, having invested in, and equally or similarly contributed to, the same class of Shares, are subject to. Notwithstanding the foregoing paragraph, it cannot be excluded that a Shareholder be given a preferential treatment in the meaning of, and to the widest extent, allowed by, the Management Regulations. Whenever a Shareholder obtains preferential treatment or the right to obtain a preferential treatment, a description of that preferential treatment, the type of Shareholder holders who obtained such preferential treatment and, where relevant, their legal or economic links with the Fund or the Management Company will be made available at the registered office of the Management Company subject the same limits required by the 2010 Law.

Best execution

The Management Company acts in the best interest of the Fund when executing investment decisions, For that purpose, the Management Company shall monitor that the Investment Manager takes all reasonable steps to obtain the best possible result for the Fund, taking into account price, costs, speed, likelihood of execution and settlement, order size and nature, or any other consideration relevant to the execution and settlement of the order in accordance with its Instructions for Ensuring a Proper Execution, Handling and Transmission of orders in Financial Instruments, available, free of charge, upon request at the registered office of the Management Company and on the website of the Management Company.

Inducements

Third parties, including Affiliated Person, may be remunerated or compensated by SEB Fund Services S.A. in monetary/non-monetary form in relation the provision of a covered service as defined in the Instruction relating to Inducements. SEB Fund Services S.A. strives to ensure that in providing services to its investors, it acts at all times in an honest, fair and professional manner, and in the best interests of the investors. The Instruction relating to Inducements in SEB Fund Services S.A. is available, free of charge, upon request at the registered office of the Management Company and on the website of the Management Company.

Complaints' handling

Information relating to the complaints' handling procedure will be made available to investors, free of charge, upon request at the registered office of the Management Company and on the website of the Management Company.

Remuneration Policy

The Management Company has implemented a remuneration policy, which is reviewed at least annually, that is designed to encourage good performance and behavior, and seeks to achieve a balanced risk-taking that goes in line with Shareholders' expectations.

In SEB Group, there is clear distinction between the criteria for setting fixed remuneration (e.g. base pay, pension and other benefits) and variable remuneration (e.g. short- and long-term variable remuneration). The individual total remuneration corresponds to requirements on task complexity, management and functional accountability and is also related to the individual's performance.

SEB Group provides a sound balance between fixed and variable remuneration and aligns the payout horizon of variable pay with the risk horizon. This implies that certain maximum levels and deferral arrangements apply for different categories of employees.

Details of the up-to-date remuneration policy are available to investors, free of charge, upon request at the registered office of the Management Company, and on the Website of the Management Company.

The policy shall secure that remuneration is in line with the business strategy, objectives, values and long term interest of the Shareholders, and includes measures to avoid conflicts of interests.

The assessment process of performance is based on the longer term performance of the Fund and its investment risks and the actual payment of performance-based components of remuneration is spread over the same period.

The remuneration policy is available on

http://sebgroupp.com/siteassets/corporations_and_institutions/our_services/transaction_banking/for_institutional_clients/fund_services_and_fund_execution/remuneration-policy-fund-services.pdf

I. Dividend Policy

The dividend policy applicable for each Sub-Fund or Class is specified in the relevant Appendix.

Within each Sub-Fund, there may be created different Classes of Shares which are entitled to regular dividend payments ("Distribution Shares") or with earnings reinvested ("Accumulation Shares").

If a dividend is declared by the Fund, it will be paid to each Shareholder concerned in the currency of the relevant Sub-Fund or Class, normally by bank transfer to the address shown on the register of Shareholders, and in case of joint shareholding, to the first registered holder of the relevant Distribution Shares.

Dividend payments are restricted by law in that they may not reduce the net assets of the Fund below the required minimum capital imposed by Luxembourg law.

In the event that a dividend is declared and remains unclaimed after a period of five years from the

date of declaration, such dividend will be forfeited and will revert to the Sub-Fund or Class in relation to which it was declared.

However, no dividends will be distributed if their amount is below the amount of fifty (50) EUR or its equivalent in another currency or such other amount to be decided by the Directors. Such amount will automatically be reinvested.

II. Taxation

The following is based on the Fund's understanding of, and advice received on, certain aspects of the law and practice currently in force in Luxembourg. There can be no guarantee that the tax position at the date of this Prospectus or at the time of an investment will endure indefinitely.

Investors should consult their professional advisers on the possible tax and other consequences of their subscribing for, purchasing, holding, selling or redeeming Shares under the laws of their country of incorporation, establishment, citizenship, residence or domicile.

The Fund

Under current law and practice the Fund is not liable to any Luxembourg income tax, nor are dividends (if any) paid by the Fund liable to any Luxembourg withholding tax. However, the Fund is liable in Luxembourg to a *taxe d'abonnement* of 0.05 per cent per annum of its net assets, such tax being payable quarterly and calculated on the Net Asset Value of the Fund at the end of the relevant quarter. The reduced *taxe d'abonnement* rate of 0.01 per cent per annum will be applicable to Classes the Shares of which are exclusively held by Institutional Investors. To the extent that the assets of the Fund are invested in investment funds which are established in Luxembourg, no such tax is payable.

No stamp duty or other tax is payable in Luxembourg on the issue of Shares in the Fund.

Under current law and practice, it is anticipated that no Luxembourg capital gains tax will be payable on the realised or unrealised capital appreciation of the assets of the Fund.

Shareholders

Under current legislation Shareholders are not subject to any capital gains, income, withholding, estate, inheritance or other taxes in Luxembourg (except for those domiciled, resident or having a permanent establishment in Luxembourg).

Common Reporting Standard

The Fund is subject to the Standard for Automatic Exchange of Financial Account Information in Tax matters (the "Standard") and its Common Reporting Standard (the "CRS") as set out in the Luxembourg law dated 18 December 2015 on the Common Reporting Standard (*loi relative à l'échange automatique de renseignements relatifs aux comptes financiers en matière fiscale*) (the "CRS Law").

The CRS Law is based on the European Directive 2014/107/EU of 9 December 2014 amending

provisions of Directive 2011/16/EU on administrative cooperation in the field of taxation and the OECD's multilateral agreements. Consequently, to eliminate the overlap of reporting obligations created between the EU Savings Directive (the "EUSD") and the Directive 2014/107/EU, the EUSD directive has been repealed with effect from 31 December 2015 and the last reporting in accordance with the EUSD directive, will be effected in 2016 for the calendar year 2015. Further, the first reporting to the Luxembourg tax authority (the "LTA") under the CRS Law, will be applied in 2017 for the calendar year 2016. The LTA will onward report to participating foreign tax authorities by 30 September 2017.

The intention of CRS is to safeguard against tax evasion. Accordingly, under the terms of the CRS Law, the Fund is likely to be treated as a Luxembourg Reporting Financial Institution. Consequently, the Fund is required to collect personal and financial information as described in Annex I of the CRS Law with effect from 1 January 2016 and without prejudice to other applicable data protection provisions as set out in the Fund documentation, the Fund will be required to annually report this information to the LTA as from 2017.

The Fund's ability to satisfy its reporting obligations under the CRS Law will depend on each investor providing the Fund with the Information, along with the required supporting documentary evidence. In this context, the investors are hereby informed that, the Fund will process the Information for the purposes as set out in the CRS Law. The investors undertake to inform the Fund or the Management Company, if applicable, of the processing of their Information by the Fund.

The investors are further informed that the Information related to Reportable Persons within the meaning of the CRS Law will be disclosed to the LTA annually for the purposes set out in the CRS Law.

The investors undertake to immediately inform the Fund of, and provide the Fund with all supporting documentary evidence of any changes related to the Information after occurrence of such changes.

Any investor that fails to comply with the Fund's Information or documentation requests may be held liable for penalties imposed on the Fund and attributable to such investor's failure to provide the Information or subject to disclosure of the Information by the Fund to the LTA.

If investors are in doubt, they should consult your tax advisor, stockbroker, bank manager, solicitor, account or other financial advisor regarding the possible implications of CRS on an investment in the Fund.

Foreign Account Tax Compliance Act ("FATCA")

The Hiring Incentives to Restore Employment Act (the "Hire Act") was signed into US law in March 2010. It includes special provisions laid down in the Foreign Account Tax Compliance Act, generally known as "FATCA". The intention of FATCA is that details of US investors holding assets outside the US will be reported by financial institutions to the Internal Revenue Service (IRS), as a safeguard against US tax evasion.

This regime will become effective in phases between 1 July 2014 and 15 March 2018. Based on the Treasury Regulations §1.1471-§1.1474 issued on 17 January 2013 (the "Treasury Regulations") the

Fund is a "Financial Institution". As a result of the Hire Act, and to discourage non-US Financial Institutions from staying outside this regime, on or after 1 July 2014, a Financial Institution that does not enter and comply with the regime will be subject to a US withholding tax of 30% on gross proceeds as well as on income from the US and, on or after 1 January 2017, also potentially on non-US investments.

Luxembourg has entered into a Model I Intergovernmental Agreement ("IGA") with the United States. Under the terms of the IGA, the Fund will be obliged to comply with the provisions of FATCA under the terms of the IGA and under the terms of Luxembourg legislation implementing the IGA (the "Luxembourg IGA legislation"), rather than under the US Treasury Regulations implementing FATCA.

In order to protect Shareholders from the effect of any penalty withholding, it is the intention of the Fund to be compliant with the requirements of the FATCA regime and hence, qualify as a so-called "participating financial institution" as defined in the IGA.

The Fund qualifies as a so-called "sponsored financial institution" as defined in the IGA. The Administration Agent qualifies as a so-called "sponsoring financial institution". The Administration Agent agrees to sponsor the Fund for the purpose and within the meaning of the IGA. The Fund intends not to register with the IRS and intends to be so-called "non-reporting sponsored financial institutions" within the meaning of the IGA. In case the Fund would be subject to reporting obligations under the FATCA regulation, the Administration Agent will register the Fund as its sponsoring entity with the IRS and hence, the Management Company will comply as set out in article 2 and 4 as well as Annex II, Chapter IV, section A. 3 of the IGA in due time (i.e. not later than 90 (ninety) days after the reportable event has first been identified) with all due diligence, withholding, registration and reporting obligations on behalf of the Fund regarding certain holdings by and payments made to (a) certain US investors, (b) certain US controlled foreign entity investors and (c) non-US financial institution investors that do not comply with the terms of the Luxembourg IGA legislation. Further, the Administration Agent will perform any requirements that the Fund would have been required to perform if it were a reporting Luxembourg financial institution as defined in the IGA. Under the Luxembourg IGA, such information will be onward reported by the Luxembourg tax authorities to the IRS under the general information exchange provisions of the US-Luxembourg Income Tax Treaty. The Administration Agent is required to monitor its own and the Fund's status as being a participating financial institution and a non-reporting entity on an ongoing basis and has to ensure that the Administration Agent and the Fund meet the conditions for such status over the time.

In cases where investors invest in the Fund through an intermediary or a distributor, investors are reminded to check whether such intermediary is FATCA compliant and hence, qualifies as a participating financial institution as defined in the IGA. In case any of the Fund's distributor should change its status as participating financial institution, such distributor will notify the Management Company within ninety (90) days from the change in status of such change and the Management Company is entitled a) to redeem all Shares held through such distributor, b) to convert such Shares into direct holdings of the Fund, or c) to transfer such Shares to another nominee within six (6) months of the change in status. Further, any agreement with a distributor can be terminated in case of such change in status of the distributor within ninety (90) days of notification of the distributor's change in status.

Although the Fund and the Management Company will attempt to satisfy any obligations imposed on it to avoid the imposition of the US withholding tax, no assurance can be given that the Fund and the Management Company will be able to satisfy these obligations. If the Fund becomes subject to a withholding tax as a result of the FATCA regime, the value of the Shares held by the Shareholders may suffer material losses.

Other jurisdictions currently are in the process of adopting tax legislation concerning the reporting of information. The Fund also intends to comply with such other similar tax legislation that may apply to the Fund, although the precise requirements are not fully known yet. As a result, the Fund may need to seek information about the tax status of investors under the laws of such jurisdictions for disclosure to the relevant governmental authorities.

If you are in any doubt, you should consult your tax advisor, stockbroker, bank manager, solicitor, accountant or other financial adviser regarding the possible implications of FATCA on an investment in the Fund.

General

The receipt of dividends (if any) by Shareholders, the redemption or transfer of Shares and any distribution on a winding-up of the Fund may result in a tax liability for the Shareholders according to the tax regime applicable in their various countries of residence, citizenship or domicile. Shareholders resident in or citizens of certain countries which have anti-offshore fund legislation may have a current liability to tax on the undistributed income and gains of the Fund. The Directors, the Fund and each of the Fund's agents shall have no liability in respect of the individual tax affairs of Shareholders.

III. Meetings and Reports

Meetings

The Annual General Meeting of Shareholders of the Fund will be held at the registered office of the Fund (or any other place indicated in the convening notice) on the first Wednesday of April of each year at 11.00 a.m. Luxembourg time or, if any such day is not a bank business day in Luxembourg, on the next following bank business day. For all General Meetings of Shareholders notices are sent to registered Shareholders by post at least eight (8) days prior to the General Meeting. Notices will be published in the *Mémorial C* and in a Luxembourg newspaper (if legally required) and in such other newspapers as the Directors may decide. Such notices will include the agenda and specify the place of the General Meeting. The legal requirements as to notice, quorum and voting at all General Meetings of the Fund and any General Meetings for a specific Sub-Fund or Class are included in the Articles of Incorporation. General Meetings of Shareholders of any given Sub-Fund or Class shall decide upon matters relating to that Sub-Fund or Class only.

Reports

The financial year of the Fund ends on 31 December each year.

The audited annual report and the non-audited semi-annual report will comprise consolidated financial statements of the Fund expressed in EUR, being the reference currency of the Fund, and

financial information on each Sub-Fund in the reference currency of each Sub-Fund.

Copies of the annual report and semi-annual report and financial statements may be obtained free of charge from the registered office of the Fund and the Global distributor.

IV. Details of Shares

Shareholder rights

Subject to any holding restrictions applicable in relation to any specific Class, the Shares issued by the Fund are freely transferable to eligible Investors and entitled to participate equally in the profits, and dividends of the Class to which they relate, and in the net assets of such Class upon liquidation. The Shares carry no preferential and pre-emptive rights.

Voting

At General Meetings, each Shareholder has the right to one vote for each whole Share held.

A Shareholder of any particular Sub-Fund or Class will be entitled at any separate General Meeting of the Shareholders of that Sub-Fund or Class to one vote for each whole Share of that Sub-Fund or Class held.

In the case of a joint holding, only the first named Shareholder may vote.

Compulsory redemption

The Directors may impose or relax restrictions on any Shares and, if necessary, require redemption of Shares to ensure that Shares are neither acquired nor held by or on behalf of a person which is not an eligible Investor or any person in otherwise breach of the law or requirements of any country or government or regulatory authority or which might have adverse taxation or other pecuniary consequences for the Fund including the failure to comply with FATCA and a requirement to register under the laws and regulations of any country or authority. The Directors may in this connection require a Shareholder to provide such information as they may consider necessary to establish whether the Shareholder is the beneficial owner of the Shares which they hold.

If it shall come to the attention of the Directors at any time that Shares are beneficially owned by any persons due to which the Fund fails to comply with FATCA (please refer to section entitled "FATCA") the Fund at its sole discretion reserves the right to instruct the Registrar and Transfer Agent to compulsorily redeem such Shares.

Transfers

The transfer of registered Shares may be effected by delivery to the Registrar and Transfer Agent of a duly signed stock transfer form. Any new Investors in receipt of stock transfers need to comply with the provisions under the heading "Subscription for Shares".

Rights on a winding-up

The Fund has been established for an unlimited period. However, the Fund may be liquidated at any time by a resolution adopted by an Extraordinary General Meeting of Shareholders, at which General Meeting one or several liquidators will be named and their powers defined. Liquidation will be carried out in accordance with the provisions of Luxembourg law. The net proceeds of liquidation corresponding to each Sub-Fund shall be distributed by the liquidators to the Shareholders of the relevant Sub-Fund in proportion to the value of their holding of Shares.

If and when the net assets of a specific Class in a Sub-Fund are less than EUR 20,000,000 or if all Classes in a Sub-Fund are less than EUR 20,000,000 or its equivalent in the Class' or Sub-Fund's reference currency, or if any economic or political situation would constitute a compelling reason therefore, or if required in the interest of the Shareholders of the relevant Class or Sub-Fund, the Directors may decide to redeem all the Shares of that Sub-Fund. In any such event Shareholders will be notified by notices sent per registered mail and, to the extent required by Luxembourg law, published in such newspapers determined by the Directors at least one calendar month prior to compulsory redemption, and will be paid the Net Asset Value of the Shares of the relevant Class or Sub-Fund held as at the redemption date.

Any liquidation proceeds remaining unclaimed will be deposited in escrow at the *Caisse de Consignation*. Amounts not claimed from escrow within the period fixed by law may be liable to be forfeited in accordance with the provisions of Luxembourg law.

Any merger of a Sub-Fund shall be decided by the Board of Directors unless the Board of Directors decides to submit the decision for a merger to a meeting of Shareholders of the Sub-Fund concerned. No quorum is required for this meeting and decisions are taken by the simple majority of the votes cast. In case of a merger of one or more Sub-Fund(s) where, as a result, the Fund ceases to exist, the merger shall be decided by a meeting of Shareholders resolving in accordance with the quorum and majority requirements for changing the Articles of Incorporation. In addition, the provisions on mergers of UCITS set forth in the Law and any implementing regulation (in particular the notification to the Shareholders concerned) shall apply.

V. Pooling

For the purpose of effective management, and subject to the provisions of the Articles of Incorporation and to applicable laws and regulations, the Directors may invest and manage all or any part of the portfolio of assets established for two or more Funds (for the purposes hereof "Participating Funds") on a pooled basis. Any such asset pool shall be formed by transferring to it cash or other assets (subject to such assets being appropriate with respect to the investment policy of the pool concerned) from each of the Participating Funds. Thereafter, the Directors may from time to time make further transfers to each asset pool. Assets may also be transferred back to a Participating Fund up to the amount of the participation of the Class concerned. The share of a Participating Fund in an asset pool shall be measured by reference to notional units of equal value in the asset pool. On formation of an asset pool, the Directors shall, in their discretion, determine the initial value of notional units (which shall be expressed in such currency as the Directors consider appropriate) and shall allocate to each Participating Fund units having an aggregate value equal to the amount of cash (or to the value of other assets) contributed. Thereafter, the value of the notional unit shall be determined by dividing the net asset value of the asset pool by the number of

notional units subsisting.

When additional cash or assets are contributed to or withdrawn from an asset pool, the allocation of units of the Participating Fund concerned will be increased or reduced, as the case may be, by a number of units determined by dividing the amount of cash or the value of assets contributed or withdrawn by the current value of a unit. Where a contribution is made in cash, it will be treated for the purpose of this calculation as reduced by an amount which the Directors consider appropriate to reflect fiscal charges and dealing and purchase costs which may be incurred in investing the cash concerned; in the case of cash withdrawal, a corresponding addition will be made to reflect costs which may be incurred in realising securities or other assets of the asset pool.

Dividends, interest and other distributions of an income nature received in respect of the assets in an asset pool will be immediately credited to the Participating Funds in proportion to their respective participation in the asset pool at the time of receipt. Upon the dissolution of the Fund, the assets in an asset pool will be allocated to the Participating Funds in proportion to their respective participation in the asset pool.

VI. Risk of Investment

As with all investments, subscribing or purchasing Shares in any Sub-Fund involves certain risks. Investors will be subject to the risks associated with transferable securities, such as, but not limited to, bonds and convertible bonds, equity and equity related securities, including fluctuations in market prices, adverse issuer or market information and the fact that equity and equity related interests are subordinated in the right of payment to other corporate securities, including debt securities. Where investments in a Sub-Fund involve selected risks, which are not described below, such risks are described in the Appendix relating to the relevant Sub-Fund.

a) General

Investors should be aware that the securities and other investments of a Sub-Fund are subject to normal market fluctuations and other risks inherent in investing in securities and other investments. There can be no assurance that the value of securities and other investments will rise. The value of securities and the income derived from them may fall as well as rise and investors may not recover the original amount invested in a Sub-Fund. There is no assurance that the investment objective of any Sub-Fund will actually be achieved.

Investors are reminded that if the calculation of a Sub-Fund's NAV is suspended they may not at that time redeem Shares as set out under "Suspension or Deferrals". In addition the Fund reserves the right to scale down applications for redemptions in certain circumstances.

Depending on an Investor's currency of reference, exchange rate changes may adversely affect the value of an investment in one or more of the Sub-Funds.

b) Illiquid assets

A Sub-Fund has the right to invest up to 10% of its NAV in securities, which are not traded on stock exchanges or on a Regulated Market. In such situations the Sub-Fund may not be able to immediately sell such securities. In addition, there may be contractual restrictions on resale of such securities. If the Sub-Fund is unable to dispose of some or all of the securities held by it, the Sub-

Fund may experience a delay in the proceeds of disposition until such time as it is able to dispose of such securities.

c) Emerging markets

In emerging markets, in which some of the Sub-Fund might invest, the legal, judicial and regulatory infrastructure is still developing and there is much legal uncertainty both for local market participants and their foreign counterparts. Some markets carry significant risks for investors who should therefore ensure that, before investing, they understand the relevant risks and are satisfied that an investment is suitable. The following statements are intended to summarise some of these risks, but are not exhaustive, nor do they offer advice on the suitability of investments.

Political and economic risks

Economic and/or political instability could lead to legal, fiscal and regulatory changes or the reversal of legal/fiscal/regulatory/market reforms. Assets could be compulsorily acquired without adequate compensation.

The economic circumstances of a country could lead to the sudden imposition of taxes or exchange controls.

High inflation can mean that businesses have difficulty managing working capital.

Local management teams are often inexperienced in operating companies in free market conditions.

A country may be heavily dependent on its commodity and resource exports and therefore be vulnerable to weaknesses in world prices for these products.

Legal environment

The interpretation and application of decrees and legislative acts can often be contradictory and uncertain particularly in respect of matters relating to taxation.

Legislation could be imposed retrospectively or may be issued in the form of internal regulations which the public may not be made aware of.

Judicial independence and political neutrality cannot be guaranteed.

State bodies and judges may not adhere to the requirements of the law and the relevant contract.

There is no certainty that investors will be compensated in full or in part for any damage incurred or loss suffered as a result of legislation imposed or decisions of state bodies or judges.

Accounting practices

The accounting and audit systems may not accord with international standards.

Even when reports have been brought into line with international standards, they may not always contain correct information.

Obligations on companies to publish financial information may be limited.

Shareholder risk

Existing legislation may not be adequately developed to protect the rights of minority shareholders.

There is generally a less developed concept of fiduciary duty to shareholders on the part of management.

There may be limited recourse for violation of such shareholder's rights.

Market and settlement risks

The securities markets of some countries lack the liquidity, efficiency, regulatory and supervisory controls, such as rules against the use of insider information, of more developed markets.

Lack of liquidity may adversely affect the value or ease of disposal of assets.

The share register may not be properly maintained and the ownership interests may not be, or remain, fully protected.

Registration of securities may be subject to delay and during the period of delay it may be difficult to prove beneficial ownership of the securities.

The provision for custody of assets may be less developed than in other more mature markets and thus provides an additional level of risk for the Sub-Funds.

Price movement and performance

Factors affecting the value of securities in some markets cannot easily be determined.

Investment in securities in some markets carries a high degree of risk and the value of such investments may decline or be reduced to zero.

Currency risk

Conversion into foreign currency or transfer from some markets of proceeds received from the sale of securities cannot be guaranteed.

The value of the currency in some markets, in relation to other currencies, may decline such that the value of the investment is adversely affected.

Exchange rate fluctuations may also occur between the trade date for a transaction and the date on which the currency is acquired to meet settlement obligations.

Taxation

Investors should note in particular that the proceeds from the sale of securities in some markets or the receipt of any dividends or other income may be or may become subject to tax, levies, duties or other fees or charges imposed by the authorities in that market, including taxation levied by withholding at source. Tax law and practice in certain countries into which a Sub-Fund invests or may invest in the future is not clearly established. It is possible therefore that the current interpretation of the law or understanding of practice might change, or that the law might be changed with retrospective effect. It is therefore possible that the Fund could become subject to additional taxation in such countries that is not anticipated either at the date of the Prospectus or when investments are made, valued or disposed of.

Execution and counterparty risk

In some markets there may be no secure method of delivery against payment which would avoid exposure to counterparty risk. It may be necessary to make payment on a purchase or delivery on a sale before receipt of the securities or, as the case may be, sale proceeds.

d) Use of derivatives

While the prudent use of derivatives can be beneficial, derivatives also involve risks different from, and, in certain cases, greater than, the risks presented by more traditional investments. The

following is a general discussion of important risk factors and issues concerning the use of derivatives that investors should understand before investing in a Sub-Fund.

Market risk

This is the general risk in all investments that the value of a particular derivative will change in a way detrimental to a Sub-Fund's interests. Accordingly, the use of derivatives may affect the inherent market risk that a Sub-Fund is normally exposed to so that when the market rises the NAV of a Sub-Fund may rise by more or less than the broader market and in the event of a market fall the impact on the NAV of a Sub-Fund could be increased or reduced by the use of derivatives.

Counterparty risk

Any Sub-Fund entering into derivatives transactions is exposed to counterparty risk under these transactions, particularly where they do not take place on a regulated exchange. In assessing this risk, investors should recognise the protection offered by the regulatory requirement that any swap counterparty post collateral for the benefit of the relevant Sub-Fund when the exposure of the relevant Sub-Fund to the swap counterparty exceeds 5% or 10% of the NAV of the Sub-Fund, in accordance with the requirements of the Law, depending on the Counterparty.

Management risk

Derivative products are highly specialised instruments that require investment techniques and risk analyses different from those associated with equity and fixed-income securities. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself, without the benefit of observing the performance of the derivative under all possible market conditions. In particular, the use and complexity of derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to a Sub-Fund and the ability to forecast the relative price, interest rate or currency rate movements correctly. This may have a negative effect on the Fund and its Shareholders.

Liquidity risk

Liquidity risk exists when a particular instrument is difficult to purchase or sell. If a derivative transaction is particularly large or if the relevant market is illiquid (as is the case with many privately negotiated derivatives), it may not be possible to initiate a transaction or liquidate a position at an advantageous price.

Other risks

Other risks in using derivatives include the risk of differing valuations of derivatives arising out of different permitted valuation methods and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Consequently, a Sub-Fund's use of derivatives may not always be an effective means of, and sometimes could be counterproductive to, furthering a Sub-Fund's investment objective.

e) Risk from investing in small capitalisation companies

The Sub-Funds may invest in small and medium sized companies. Investing in the securities of smaller, lesser-known companies may involve greater risk and the possibility of greater price volatility than investment in larger, more mature, better-known firms. The value of small company stocks may fluctuate independently of larger company stock prices and broad stock market indices.

This is caused by, among other things, the less certain growth prospects of smaller firms, the lower degree of liquidity of the markets for such stocks and the greater sensitivity of smaller companies to changing market conditions. For example, greater business risk is involved in small size and limited product lines, markets, distribution channels and financial and managerial resources.

f) Concentration in certain sectors

The Sub-funds may, subject to the diversification requirements contained in the investment restrictions, be more exposed to the securities of companies in certain sectors than others. Some such sectors will consist of smaller capitalisation companies (see above), and will be particularly subject to the risks of adverse political, industrial, social, regulatory, technological and economic events affecting the relevant sector.

g) Concentration in certain countries or geographical regions

The Sub-Funds may have a clear geographical focus for its investments, and hence have great exposure to risk of adverse social, political or economic events which may occur in such a country or region.

h) Potential conflicts of interest

The Management Company and the Investment Manager may effect transactions in which the Management Company or the Investment Manager has, directly or indirectly, an interest which may involve a potential conflict with the Management Company's and Investment Manager's duties to the Fund. Neither the Management Company nor the Investment Manager shall be liable to account to the Fund for any profit, commission or remuneration made or received from or by reason of such transactions or any connected transactions nor will the Management Company's or the Investment Manager's fees, unless otherwise provided, be abated.

The Management Company or the Investment Manager will ensure that such transactions are effected on terms which are not less favourable to the Fund than if the potential conflict had not existed.

Such potential conflicting interests or duties may arise because the Management Company or the Investment Manager may have invested directly or indirectly in the Fund or in securities held by a Sub-Fund of the Fund.

More specifically, the Management Company, under the rules of conduct applicable to it, must try to avoid conflicts of interests and, when they cannot be avoided, ensure that its clients (including the Fund) are fairly treated.

The Investment Manager and its directors, officers and their respective affiliates and associates may engage in the promotion, management or investment management of other accounts or funds which invest primarily in the securities held by one or more Sub-Funds. Although officers, directors and professional staff of the Investment Manager will devote as much time to the Sub-Funds as is deemed appropriate to perform the Investment Manager's duties, the staff or the Manager may have conflicts in allocating their time and services among the Sub-Funds and other funds managed by the Investment Manager.

APPENDIX 1: JRS SICAV 2 – JRS Global Wealth

Investment Objective and Policy

The Sub-Fund's investment objective is not related to any specific benchmark but aims to generate a risk controlled absolute return over the medium term.

The Sub-Fund will invest 100% of its Net Asset Value in UCITS eligible investments.

The Sub-Fund will, on an average, invest:

- 40% in equity instruments (equities, funds, ETFs, futures and options) or in instruments with similar risk characteristics, and
- 40% in fixed income instruments or in instruments with similar risk characteristics, and
- 20% in alternative strategies such as, but not limited to, long/short equity, long/short fixed income, equity market neutral, fixed income market neutral, arbitrage strategies, managed futures (CTA), global macro, multi strategies, relative value, tactical asset allocation (TAA), commodity trading, closed ended real estate investment trusts (REITS) and private equity (P/E).

Investment in REITS or P/E will be in the form of ETFs or other eligible assets.

Investments in equity related instruments may vary from 20 – 60% of the Sub-Fund's NAV.

Investments in fixed income instruments, including long only and emerging market debt strategies, may vary from 0 – 65% of the Sub-Fund's NAV.

Investments in corporate credit, investment grade and high yield strategies, may vary from 5 – 25% of the Sub-Fund's NAV.

Exposure to alternative strategies such as, but not limited to, long/short equity, long/short fixed income, equity market neutral, fixed income market neutral, arbitrage strategies, managed futures (CTA), global macro, multi strategies, relative value, tactical asset allocation (TAA), commodity trading, real estate (closed ended REITS) and private equity (P/E) may vary from 10 – 30% of the Sub-Fund's NAV.

Currency exposure arising from direct investments will be fully hedged against the Sub-Fund's reference currency. In addition, the Investment Manager will implement an active currency strategy through investments in futures and forwards.

The Sub-Fund will apply strategic and tactical asset allocation to provide a well-diversified portfolio. The asset allocation is set by the Investment Manager's Investment Team, the macroeconomic view is based on in-house and external macroeconomic analysis. The Investment Team will implement policies in the portfolio of the Sub-Fund by selecting investment instruments on the basis of the Investment Team's own research, which includes qualitative and quantitative analysis, interviews of underlying investment fund managers and fund rating services.

The Sub-Fund may use derivative instruments, except total return swaps or instruments with similar characteristics, for hedging purposes.

The Sub-Fund may further invest in liquid assets on an ancillary basis. Such assets may be kept in the form of cash deposits or money market instruments.

There is no assurance that the Sub-Fund will be successful and will achieve its investment objectives. An investment in the Sub-Fund is speculative and involves substantial risks. Subscribers are specifically directed to the section "Risks of Investment" of the Prospectus for a discussion of the various risk factors and other considerations surrounding an investment in the Sub-Fund.

Investment manager

JRS Asset Management AB, Birger Jarlsgatan 14, 114 34 Stockholm, Sweden

JRS Asset Management AB has the full responsibility to determine the overlay strategies regarding the Sub-Fund.

Sub-Investment Manager(s):

It is the intention of the Directors that the Sub-Fund will be operated as a Multi Strategy Fund for which one or more sub-investment managers (multi-manager type of fund) will be appointed by the Investment Manager for investments in other UCITS, ETFs and futures/derivatives, except total return swaps or instruments with similar characteristics. For details please refer to section "1. The Fund", "Structure" and/or the section "Investment Manager" of the Prospectus.

Efficient Portfolio Management

The Sub-Fund will not make use of securities financing transactions within the meaning of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015.

Profile of the typical investor

The Sub-Fund may be suitable for investors seeking medium term capital appreciation. Investors should consider the Sub-Fund as a medium term investment with a commitment of more than 2 years.

Reference Currency

The reference currency of the Sub-Fund is SEK.

Classes of Shares

Class "R" Shares are available to all investors.

Class HNW Shares are available for subscription and are reserved to Institutional Investors and certain other investors. The minimum initial subscription and minimum holding amounts are of SEK 100,000 or their equivalent in another currency unless the Directors resolve otherwise.

Class HNW Shares and Class R Shares are only available as Accumulation Shares. Shares of the following Classes are currently issued:

Class	Minimum Initial Subscription & Holding Amount	ISIN Code
RC (SEK)	None	LU1084806881
HNW (SEK)	SEK 100,000	LU0455662774
HNW (USD)	USD equivalent of SEK 100,000	LU1086049647

The minimum subsequent subscription amount for Shares in this Sub-Fund is the same as the minimum initial subscription amount.

The Directors may waive in their discretion the minimum initial subscription amount, the minimum ongoing holding amount.

Initial Offer Period

Class HNW (SEK) Shares have been launched on 29 September 2009 at a subscription price of SEK 1,000 per Share.

Class RC (SEK) Shares have been launched on 8 June 2015.

Class HNW (USD) Shares will be launched at a later stage upon decision of the Directors.

Valuation Day

The Net Asset Value of each Class of Shares shall normally be calculated on each Business Day (a "Valuation Day").

Business Day

A Business Day is a day on which banks are normally open for business in Luxembourg and Stockholm, except for 24 December in each year.

Daily Subscriptions

The Directors may in their discretion accept subscriptions as of each Valuation Day.

Prior Notice for Subscriptions

All applications for subscription shall be deemed to be received at the time they are received by the Registrar and Transfer Agent in Luxembourg.

No application for subscription will be accepted unless the application is received on or prior to 12.00 noon (Luxembourg time) on the Business Day preceding the relevant Valuation Day. Applications for subscriptions received thereafter will be dealt with on the following Valuation Day. The Directors may in their discretion waive this requirement.

Subscription Charge

No subscription charge will be applied.

Payment of Subscription Price

The full Subscription Price must be received in immediately available funds by the Depositary or its agent no later than 12.00 noon (Luxembourg time) on the relevant Valuation Day.

Daily Conversions

Conversions are authorised between Sub-Funds and between Share Classes within the same Sub-Fund.

Prior Notice for Conversions

All applications for conversion shall be deemed to be received at the time they are received by the Registrar and Transfer Agent in Luxembourg.

No application for conversion will be accepted unless the application is received on or prior to

12.00 noon (Luxembourg time) on the Business Day preceding the relevant Valuation Day. Applications for conversion received thereafter will be dealt with on the following Valuation Day. No conversion fee shall be charged.

Conversions are dealt with as redemptions followed by subscription.

Daily Redemptions

Each Shareholder may apply for the redemption of all or part of his Shares at the relevant Net Asset Value per Share.

Prior Notice for Redemptions

All applications for redemptions shall be deemed to be received at the time they are received by the Registrar and Transfer Agent in Luxembourg. No application for redemption will be accepted unless the application is received on or prior to 12.00 noon (Luxembourg time) on the Business Day preceding the relevant Valuation Day. Applications for redemption received thereafter will be dealt with on the following Valuation Day. No redemption fee shall be charged.

A request for a partial redemption of Shares may be treated as a request for the redemption of the entire holding if, as a result of such partial redemption, the total Net Asset Value of the Shares retained by the Shareholder in the Sub-Fund would be less than the minimum ongoing holding amount.

Payment of Redemption Proceeds

Payment of redemption proceeds will normally be made on the third Business Day following the relevant Valuation Day.

Management Company Fee

The Management Company will receive a management company fee, accrued daily and payable monthly in arrears, of maximum 0.06% p.a. of the net assets of the Sub-Fund, subject to an annual minimum of EUR 15,000 for the Sub-Fund.

The Management Company will further receive a fee for the provision of risk management services.

Furthermore, the Management Company is entitled to be reimbursed out of the assets of the Sub-Fund for its reasonable out of pocket expenses and disbursements.

Central Administration Agent Fee

Out of the Sub-Fund's assets, an administration fee consisting of a flat fee of EUR 22,000 p.a. plus a variable fee of maximum 0.07% p.a. is payable to the Central Administration Agent. The fees will be accrued on a daily basis, based on the net assets of the Sub-Fund and will be paid out monthly in arrears.

The Central Administration Agent is furthermore entitled to receive out of the Sub-Fund's assets, in respect of the register and transfer agent functions, further fees for each additional active Class of Shares and for any additional services in accordance with Luxembourg customary banking practice, accrued daily and payable monthly in arrears.

The Central Administration Agent will also be compensated for all reasonable out of pocket expenses.

Depository Fee

The fee for the global custody services provided by the Depository is included in the Central Administration Agent Fee.

In addition, the Depository is entitled to be reimbursed out of the assets of the Sub-Fund for its reasonable out of pocket expenses and disbursements.

Investment Management Fee

The Investment Manager will receive an investment management fee, accrued daily and payable monthly in arrears, based on the net assets of the Sub-Fund as follows:

Share Class	Investment Management Fee rate
RC (SEK)	1.70% p.a.
HNW (SEK)	1.25% p.a.
HNW (USD)	1.25% p.a.

The Investment Manager may in its absolute discretion waive charges and/or fees and may rebate any fees payable to it to an investor or a distributor or to any other person or entity in the discretion of the Investment Manager. The decision will be based on various criteria including, but not limited to: timing of investment, investment amount, investment horizon, frequency of new inflows, global business level.

Dividend Policy

The Directors do not have the intention to make distributions to Shareholders in the Sub-Fund.

Specific risk warnings

Severalty of underlying funds: In order to ensure diversification in terms of management strategies and markets, the Investment Manager will select a certain number of underlying funds who operate independently. Although such diversification intends to reduce the risk of loss while preserving the ability to benefit from price fluctuations, no guarantee can be given that the diversification of the underlying funds shall not result globally in losses recorded on certain underlying funds exceeding the profits generated by others.

Future returns: No assurance can be given that the strategies employed by the underlying funds in the past to achieve attractive returns will continue to be successful or that the return on the Sub-Fund's investments will be similar to that achieved by the Sub-Fund or such underlying funds in the past.

Risks of special techniques used by underlying funds: Some of the underlying funds in which the Sub-Fund may invest will use special investment techniques that may subject the Sub-Fund's investments to risks different from those posed by investments in equity and fixed income funds. The Sub-Fund in any event is not designed to correlate to the broad equity market, and should not

be viewed as a substitute for equity or fixed income investments.

Currency risk: The value of an investment represented by an underlying fund in which the Sub-Fund invests may be affected by fluctuations in the currency of the country where such underlying fund invests, by foreign exchange rules, or by the application of the various tax laws of the relevant countries (including withholding taxes), government changes or variations of the monetary and economic policy of the relevant countries.

Accumulation of fees: As the Sub-Fund may invest in underlying funds, investors in the Sub-Fund may incur a duplication of fees and commissions (such as management fees including performance fees, custody and transaction fees, central administration fees, advisory fees and audit fees). To the extent these underlying funds invest in turn in other funds, unitholders may incur additional fees to those mentioned above.

APPENDIX 2: JRS SICAV 2 – JRS Global Growth

Investment Objective and Policy

The Sub-Fund's investment objective is to generate a higher risk-adjusted return (Shape ratio) than the global equity markets.

The Sub-Fund will invest 100% of its Net Asset Value in UCITS eligible investments.

The Sub-Fund will primarily invest in equity instruments (equities, funds, ETFs, futures and options) established around the world or in instruments with similar risk characteristics. The Sub-Fund may also have exposure to alternative strategies and invest in fixed income and corporate bond instruments (funds, ETFs, futures and options).

Investments in equity related instruments may vary from 80 – 100% of the Sub-Fund's NAV.

Investments in fixed income instruments, including long only and emerging market debt strategies, may vary from 0 – 20% of the Sub-Fund's NAV.

Investments in corporate credit, investment grade and high yield strategies, may vary from 0 – 10% of the Sub-Fund's NAV.

Exposure to alternative strategies such as, but not limited to, long/short equity, long/short fixed income, equity market neutral, fixed income market neutral, arbitrage strategies, managed futures (CTA), global macro, multi strategies, relative value, tactical asset allocation (TAA), commodity trading, real estate (closed-ended REITS) and private equity (P/E) may vary from 0 – 10% of the Sub-Fund's NAV.

Currency exposure arising from direct investments will be fully hedged against the Sub-Fund's reference currency. In addition the Investment Manager will implement an active currency strategy implemented through investment in futures and forwards.

The Sub-Fund will apply strategic and tactical asset allocation to provide a well-diversified portfolio. The asset allocation is set by the Investment Manager's Investment Team, the macroeconomic view is based on in-house and external macroeconomic analysis. The Investment Team will implement policies in the portfolio of the Sub-Fund by selecting investment instruments on the basis of the Investment Team's own research, which includes qualitative and quantitative analysis, interviews of underlying investment fund managers and fund rating services.

The Sub-Fund may use derivative instruments, except total return swaps or instruments with similar characteristics, for hedging purposes.

The Sub-Fund may further invest in liquid assets on an ancillary basis. Such assets may be kept in the form of cash deposits or money market instruments.

There is no assurance that the Sub-Fund will be successful and will achieve its investment objectives. An investment in the Sub-Fund is speculative and involves substantial risks. Subscribers are specifically directed to the section "Risks of Investment" of the Prospectus

for a discussion of the various risk factors and other considerations surrounding an investment in the Sub-Fund.

Investment manager

JRS Asset Management AB, Birger Jarlsgatan 14, 114 34 Stockholm, Sweden

JRS Asset Management AB has the full responsibility to determine the overlay strategies regarding the Sub-Fund.

Sub-Investment Manager(s):

It is the intention of the Directors that the Sub-Fund will be operated as an Equity Multi Strategy Fund for which one or more sub-investment managers (multi-manager type of fund) will be appointed by the Investment Manager for investments in other UCITS, ETFs and **futures/derivatives , except total return swaps or instruments with similar characteristics**. The Sub-Fund in any event is not designed to correlate to the broad equity market, and should not be viewed as a substitute for equity or fixed income investments.

Currency risk: The value of an investment represented by an underlying fund in which the Sub-Fund invests may be affected by fluctuations in the currency of the country where such underlying fund invests, by foreign exchange rules, or by the application of the various tax laws of the relevant countries (including withholding taxes), government changes or variations of the monetary and economic policy of the relevant countries.

Accumulation of fees: As the Sub-Fund may invest in underlying funds, investors in the Sub-Fund may incur a duplication of fees and commissions (such as management fees including performance fees, custody and transaction fees, central administration fees, advisory fees and audit fees). To the extent these underlying funds invest in turn in other funds, shareholders may incur additional fees to those mentioned above.
